Student Activities Report

**Quorum Re-Established: 18**

- **Student Affairs Assistants**
  - The Cerritos College Board of Trustees approved the employment of Miles Aiello and Charles Caguioa as Student Affairs Assistants. Their jobs will not interfere with their duties and expectations as the ASCC President and Vice President. The positions will be funded out of Student Equity Funds.

- **ASCC Budget Committee**
  - Student Activities will email the campus this week about how the campus may apply for ASCC Funds for the 2015-2016 year. The ASCC Budget Committee timeline will be included in this email.

- **Bookstore Contract**
  - The bookstore contract with Follett was discussed at the January 21, 2015 Cerritos College Board of Trustees meeting. ASCC will receive increased revenues from this contract and $30,000 dedicated to the library. The Board will take action at the next meeting.

- **Mascot Unveiling February 5, 2015 at 11:00am**
  - The Mascot will be unveiled to the campus community.

- **Mascot Naming Task Force**
  - The Task force will meet February 6, 2015 and February 20, 2015 at 9:00am in the Club Room. Several concerns from alumni and employees have come forward regarding the name of the Mascot. It has been brought to our attention that Cerritos College had 2 mascots in the past (Freddie and Frida).

Committee Report

Senate Report

- Senator Venegas
  - In the last Board of Trustees meeting not only was the bookstore contract brought up but also the issue of approving employment of four students. Two of those students are the President and Vice President of the student body are employed as Student Affair Assistants. As we all know the President and Vice President have a lot of responsibilities and duties as such and should be compensated but the process this was handle gives us suspension of bias being involved. As representatives of students we needed clarification and why the process was handle the way it was.

- Senator Guzman
  - Board Meeting
I wanted to quickly update on the status concerning the Modular Classroom building I discussed in the previous Senate Report. The Instructional Dean of Science, Engineering & Mathematics, Dr. Carolyn Chambers, is working very hard to collaborate with the best interest for the students. She has done a phenomenal job to response to a student issue by implementing a second white board, with that the seating orientation is manageable at the time. The air conditioning still pose as a severe distraction for those students seating near its high noise level perimeter but it is something that can also controlled. As students we have the human compassion to understand that a machine like that might take some time to fix; we just hope it is fixed before the arrival of the scorching summer days.

Now to conclude, seeing this immediate weekend result makes us students feel highly valued, and that our education here at Cerritos College truly matters. So, I called upon the students’ altogether to write a sincere thank you note to Dr. Chambers, because I believe it is also the students’ responsibility to recognize such amazing efforts conducted by our stuff and administration.

On that lovely, I wish for all of you present today to have successful Senate Meeting. Thank you!

Senator Sanchez
