  - Senator Castillo: She’s unbiased, and she knows a lot of these events so she’s very critical in terms of whom to give the awards to.
  - Senator Sanchez: He’s really involved in clubs and events in the school. He was vice president last year so he knows how much hard work goes into planning all these events. He really wants to be in this committee because he would know what most of these events are and whether ASCC events or not, he also helps out with the athletic department.

B) Veterans Day Event | (5 Minutes)
(President Aiello)
President Aiello shall inform the Senate on the Veterans Day Event and its current progress.
- Gave the senators a different perspective of how important the Veterans Day is and why we should attend the Veterans Day Event. He asked us a question: “Do you think you give back to Veterans and give them the gratitude they deserve?”
- There are 3 reasons why they have Veterans Day at 11:00 A.M. and why we should attend:
  - The military protects us from all countries who want to attack us, and we take that for granted because we’ve had it all our lives. Without them we wouldn’t be safe; we wouldn’t be the country we are today who has the Declaration of Independence.
  - What does it mean to sacrifice? These are men who take arms; and it takes a lot of sacrifice, bravery, and courage to be out there fighting for our country just to keep us safe.
  - Responsibility: Being student leaders, we need to set the bars. We need to say what’s important, because this is our school. We need to value what’s important.
- In conclusion, we need to be out there in our blue polo shirts representing our school, showing that we’re giving back to our Veterans.
