Cerritos College

FIFTY-THIRD ANNUAL COMMENCEMENT

SATURDAY, THE FIFTEENTH OF MAY
TWO THOUSAND AND TEN
FIVE O’CLOCK IN THE EVENING
To all graduates, congratulations! I commend you for accomplishing a major goal in life. You are honored today for making a commitment to improve your life by sacrificing and perhaps struggling to move forward with your education.

This is a time to rejoice, but remember a quote from Utah Senator Orrin Hatch:

“There is a good reason they call these ceremonies ‘commencement exercises’. Graduation is not the end, it’s the beginning.”

The rise of globalization and the ever-increasing complexities of modern professions make the pursuit of continuous education more and more important. It is time to re-visit your goals and use the knowledge and skills you have gained at Cerritos College to continue learning. In order for education to be of any value, it must be continuously updated.

Cerritos College is here to serve the community and is committed to academic excellence. You are fine examples of student success as you now assume your roles as ambassadors of the college.

Again, I extend my utmost congratulations to the class of 2010.
Supervisor Don Knabe was first elected to the Los Angeles County Board of Supervisors in November of 1996 and was overwhelmingly re-elected in 2000, 2004 and 2008.

Supervisor Knabe represents the Fourth District, which is a uniquely diverse area that is home to over two million residents and includes two of the nation’s largest economic hubs; the Ports of Los Angeles and Long Beach, and Los Angeles International Airport. The Fourth District is also geographically diverse, stretching from Marina del Rey to the Palos Verdes Peninsula to Long Beach all the way east to Diamond Bar and dozens of cities in between. The Fourth District also includes Catalina Island and San Clemente Island.

In 2007, Knabe was appointed by the White House to serve on the President’s Homeland Security Advisory Council. Since 2002, he has served on one of the Council’s subcommittees, the State and Local Officials Senior Advisory Committee, where he currently serves as Chair. In 2006, Knabe was appointed to the California Emergency Council by Governor Arnold Schwarzenegger.

Knabe is the Chairman of First 5 Los Angeles and a past President of the Coliseum Commission. He is a Member and past Chairman of the Urban County Caucus of the California State Association of Counties, an Executive Board Member of the California State Association of Counties, and is Secretary of the Board of Governors for L.A. Care Health Plan. In addition, he is the Vice Chairman of the Health Sub-Committee for the National Association of Counties and a Trustee at the Aquarium of the Pacific located in Long Beach.

Supervisor Knabe is a leader in regional transportation serving on the Board of Directors for the Metropolitan Transportation Authority (MTA), the Southern California Regional Rail Authority (Metrolink) and the Alameda Corridor Transportation Authority (ACTA). He is also the immediate past Chairman and Member of the Southern California Regional Airport Authority (SCRAA) and a Member of the Southern California Association of Governments (SCAG) Aviation Task Force.

Knabe has been a great supporter of the college for many years. He has served on the Cerritos College Foundation board of directors since 1988. Knabe has sponsored the Foundation’s annual fundraising golf tournament for many years and recently provided a funding of $100,000 to the college toward its new automotive partnership building.

American colleges and universities confer four general types of degrees – associate, bachelor, master, and doctorate. These represent different levels of academic achievement.

**THE ASSOCIATE IN ARTS DEGREE** normally indicates the completion of two years of collegiate work above the level of high school. It is generally thought that this degree is conferred by only junior colleges, but, in fact, it was first conferred in the United States by the University of Chicago in 1900 and is now granted by 156 four-year institutions, as well as by two-year community and junior colleges.

**THE BACHELOR’S DEGREE** usually is conferred upon the completion of a four-year course and is the most common as well as the oldest collegiate degree used in America. The Bachelor of Arts degree was first conferred by Harvard College in 1642 and for 125 years was the only earned degree used in American colleges.

**THE MASTER’S DEGREE** represents one year of advanced study beyond the bachelor’s degree. In a few instances, two years are required to complete required courses in specialized fields.

**THE DOCTORATE** is usually the most advanced degree. It usually takes at least three years beyond the bachelor’s degree, but often longer, to complete all the requirements for this degree. There are three main types of doctorate degrees – professional, research and honorary.

**Honor Graduates**

The honor graduates are identified by the silver tassel they wear on their cap. Graduates who achieve a 3.3 to 3.69 grade point average will graduate “With Honors.” Those receiving a 3.70 to 4.0 will graduate “With Highest Honors.” Students achieving “Highest Honors” are designated by two asterisks (**) and students achieving “Honors” are designated by one asterisk (*) in this program.
The Academic Procession

One of the most colorful parts of the commencement exercise is the academic procession, the opening part of the time-honored and traditional ceremonies. The processional includes all of the participants of the exercises, the graduating class, faculty, board of trustees, and participating guests.

The graduating class wears the solid black gown marked with no hood or color. The college’s faculty, which includes its instructors, counselors, and administrative staff, along with the trustees and the program guests, wear gowns indicative of their academic rank. This part of the processional is indeed one of the most awe-inspiring of all collegiate ceremonies.

The heritage of the cap and gown, with the colorful spectacle of the academic array, dates back to the twelfth century and the establishment of the first universities in Europe. Although there have been many changes in design and color, each individual gown, with its rank, is symbolic of achievement in a special field.

The Continental System, still used by England and the rest of Europe, allows a distinctive design and color for each college and university. In the United States, however, a uniform intercollegiate Academic Code has been adopted. The code is a simple one, regulating the colors and materials to be used. Knowledge of a few of these rules permit the viewer to “read” the costume of any graduate of an American educational institution and know at once the wearer’s degree, the field or department in which it was earned, and possibly the college from which the degree was received.

Faculty gowns are divided into three groups, dependent upon the degree of the wearer. The bachelor’s gown is one made of black worsted material with long, pointed sleeves, and the front is closed at the neck. The master’s gown is either of black silk or wool and has a long closed sleeve with an arc of a circle appearing near the bottom and a slit, at elbow length, for the arm. The gown is worn closed at the front. The doctor’s gown is black silk with full, round, open sleeves. It is faced with velvet and has three velvet bars on each sleeve. The color of the velvet is usually black but it may be of the same color of velvet as that which edges the hood. The gown is also worn open at the front.

The traditional black mortarboard-style cap is worn for all degrees, the only difference being the tassel. For bachelor and master, it is usually black, but occasionally it is the color of the velvet on the hood. The doctorate tassel is gold.

The academic costume is set off by the most distinctive of all insignia, the hood. The hood is made of black material to match the gown and varies in length according to the degree: bachelor, three feet; master, three and one-half feet; and doctorate, four feet. Each hood has a velvet edge of varying widths according to the degree: two inches, three inches, and five inches respectively. The edging is carried around to the front of the neck to form a neck band. The color of this velvet trim indicates the field or department of learning in which the degree was earned. All hoods have silk lining of the official color or colors of the college or university conferring the degree.

Hail, Alma Mater

Your Sons and Daughters sing of the school
that they love so well
Loyal one, faithful, truthful, courageous,
These are the truths we learned beneath
thy wing;
In our hearts we'll always cherish memories
In our minds we carry knowledge
gained from thee
Hail Alma Mater

Blue and White we honor

Your name Cerritos College.

Jack Wheaton, 1959
