Course Selection Strategies for EXPLORING Students

- Take foundation courses in English, Reading and Math.
- Sample a variety of disciplines in General Education categories.
- Sign up for COUN 1 or COUN 200.
- Are there some majors you have been considering? Check out an introductory course.
- Flip through the Class Schedule and pick classes with titles that sound interesting to you.
- Investigate subjects you never had a chance to check out before.
- Complete some electives of your choice.
- Explore! Try an introductory course in a subject you know nothing about.
- Use the lottery system: Put some course numbers in a hat and have someone pick a few for you!

Be sure to check course pre-requisites to make sure you are eligible. Some classes also have co-requisites that you must concurrently take.
