11. MEETINGS OF THE SELECTION COMMITTEE

11.1 Selection Committee Meetings
Meetings of the Selection Committee must be scheduled when all Committee members are able to attend. The Selection Committee will not meet when one or more voting members are not present. The Committee cannot meet unless the Process Monitor is present at the meeting. The Committee may meet when a non-voting member is not present.

11.2 Emergencies
Situations may occur which cannot be foreseen or controlled. If a Committee member fails to complete paper screening prior to the meeting to select candidates for interview, the Committee must reschedule that meeting. If a Selection Committee member has completed paper screening and is unable to attend the meeting to select candidates for interview, the Committee will first try to reschedule the meeting. If the absent Committee member will not be available for a prolonged period of time (i.e. more than a week), the Committee may:

- Allow Human Resources to contact the constituent group of the absent member to appoint an alternate member to the Committee. The Committee will then meet when the alternate member has completed paper screening.

  OR

- If time does not permit, the absent Committee member’s scoring sheets will be shredded and the Committee will select candidates for interview with the Committee members who are present.

Once candidates are selected for interview, if a Selection Committee member is unable to attend interviews, the Committee may:

- Allow Human Resources to contact the constituent group of the absent member to appoint an alternate member to the Committee. The alternate Committee member must read the files of the candidates who were selected to interview and may participate in the interview process.

  OR

- If time does not permit, the Committee will conduct interviews with the Committee members who are present.
If a committee member attends one or more interviews, but is unable to attend all of the interviews, the absent committee member shall not continue to participate in the interview process or in the selection of the finalist candidates. The absent committee member’s scoring sheets and notes shall be shredded. The Committee shall select finalist candidates with the committee members who were present for all of the interviews.

11.3 First Meeting of the Selection Committee
The first meeting or meetings of the Selection Committee should be scheduled prior to the closing date of the recruitment. At the first Meeting or meetings, the Committee members will:
• Ensure that all members have Selection Committee training
• Elect a Chair of the Committee
• Develop a paper screening tool
• Develop interview questions, and any skills testing
• Calendar the dates on which the Committee will meet to select interview candidates and the dates on which interviews will be conducted.

The candidate files will not be released to the Selection Committee for paper screening until these tasks are completed. All notes of the Selection Committee will be retained in files in Human Resources.

11.4 Paper Screening Applications
Selection Committee members may paper screen applications in Human Resources, and this activity is done on an individual basis as each member’s schedule allows. Human Resources may be opened to Selection Committee members in the evening or on weekends if the Selection Committee member(s) notifies Human Resources in advance of the need to paper screen when the office is normally closed. Human Resources will notify Campus Police who will open the office for a Selection Committee member.

Whenever possible, Human Resources shall allow divisions to designate a secure area in their facility for members of the Selection Committee to evaluate applications during the paper screening process.

11.5 Subsequent Meetings of the Selection Committee
Selection Committee members will meet as a Committee to select candidates for interview and to conduct candidate interviews. Selection Committee members should be mindful in selecting a site for candidate interviews that the site should make the candidate
comfortable and will represent the campus to the candidates. Human Resources will contact candidates to schedule interviews.

12. REVIEWS OF THE APPLICANT POOL BEFORE INTERVIEW

12.1 Administrative Review of the Pool for Diversity
Each candidate will be allowed the option to complete a diversity questionnaire. Human Resources will remove the diversity questionnaire from the candidate’s application materials and those questionnaires will not be shared at any time with the Selection Committee.

The information on the diversity questionnaires will be maintained in a file in Human Resources. Human Resources, pursuant to Title 5 regulations, will maintain statistics on the diversity in the application pool. Human Resources will maintain diversity statistics on the number of applications (complete and incomplete) submitted, and the number of complete applications reviewed by the Selection Committee. The President, the appropriate Vice President, the Director of Human Resources and the Manager of Employment Services/Faculty and Staff Diversity Officer will review the statistics from the pool at each stage of the selection process.

The District may extend a recruitment deadline and engage in additional recruitment efforts if there are insufficient diverse candidates in a pool at the closing date. The District will shall not reject a pool of candidates for consideration by the Selection Committee solely because there are insufficient diverse candidates in a pool.

If a substantial proportionate number of diverse candidates are not in the pool, the Faculty and Staff Diversity Officer, in consultation with the appropriate Vice President, and the Selection Committee may review the job announcement and recruitment to determine if there is an indication of bias. If such bias is indicated, the Faculty and Staff Diversity Officer will work with the Selection Committee to eliminate the bias, reopen the recruitment process, and re-examine the applications.

12.2 Review of the Pool of Applicants for Sufficiency
At the initial closing date for the recruitment, the pool of applications will be reviewed for sufficiency.
• Standards governing sufficiency shall be established by the Director of Human Resources, the Faculty and Staff Diversity Officer, and the department chair.

• These standards shall be approved by the Faculty Senate.

If the pool does not have the number of applications that are reasonably expected, the application deadline may be extended. The District shall not reject a pool of candidates for consideration by the Selection Committee for reasons based solely on sufficiency.

If, after the applications are screened by the Selection Committee, the Committee determines that there aren’t sufficient applicants for interview, the Committee may ask Human Resources if additional applications have been received and/or completed since the closing date and may review those applications. If the Selection Committee determines that the pool does not have sufficient applicants to interview after the second review, the Selection Committee may ask that the recruitment be closed and that a new recruitment be initiated.

13. CANDIDATE ASSESSMENT BY THE SELECTION COMMITTEE

13.1 First Meeting
The Selection Committee, at its first meeting, will design the selection process which it intends to use. If necessary, the Selection Committee will designate a subcommittee to review minimum qualifications for education and experience.

The Selection Committee may use various means to assess each candidate’s education, experience, knowledge, skills and abilities. The Selection Committee may include, but is not limited to, traditional paper and pencil tests, performance tests of physical, educational, and work experience requirements, interviews/oral examinations, and paper screening/review of application forms.

Human Resources will inform the Selection Committee about the number of completed applications received at the time of the first meeting. If a pool is small, the Selection Committee may determine that it will interview all candidates who meet minimum qualification for education and experience. However, in most cases, a paper screening instrument is advised to evaluate the applicants’ qualifications based on their application materials.

13.2 Knowledge/Skills/Abilities Testing
The Selection Committee may test a candidate’s knowledge, skills and abilities. This may include, but is not limited to, demonstrations, presentations, writing and/or speaking exercises, and role playing exercises. A teaching demonstration will be required for all instructional positions.

The Selection Committee may determine the order in which it chooses to conduct testing. As an example, skills exercises, such as the teaching demonstration, may be administered before, during or after the interview/oral examination. The Selection Committee can choose to have candidates receive a question/exercise and the teaching demonstration which requires preparation before they come to the interviews/oral examinations.

13.3 Testing Approval

The Selection Committee is free to design testing that is based on the information contained in the job announcement or based on the knowledge, skills and abilities that will be needed to perform the job. Testing which presumes to evaluate or elicit interests, beliefs and/or general philosophies that are not job-related is not permitted. The Selection Committee will design the testing for a particular position, and submit the testing to the Faculty and Staff Diversity Officer for review and approval. When the Faculty and Staff Diversity Officer approves the testing, the pool will be certified for release to the Selection Committee and, if applicable, to the Minimum Qualifications Screening subcommittee.

The pool of applications will not be released to the Selection Committee or, if applicable, to the Minimum Qualifications Screening subcommittee before testing is approved in order to avoid claims of bias for/against particular candidates in the pool.

13.4 Minimum Qualifications Screening and Equivalency Subcommittee (Optional)

The Selection Committee will select one manager and one two faculty members to form a Minimum Qualifications Screening subcommittee. The Minimum Qualifications Screening subcommittee will review the applications for minimum qualifications for education and experience and for local standards, if any. The subcommittee will not review any other stated qualifications.

If the candidate submits a completed equivalency form or if the Minimum Qualifications Screening subcommittee determines that a candidate has stated an equivalency, the Minimum Qualifications
Screening subcommittee will refer the application to the Hiring Standards Committee for review. The Hiring Standards Committee will make a determination as to whether the candidate’s education and experience are equivalent to the standards published for the position within 72 hours from the time of referral. The Selection Committee will accept the determination of the Hiring Standards Committee as to minimum qualifications.

The Minimum Qualifications Screening subcommittee will then sign the appropriate authorization sheet and those applicants who meet minimum qualifications for education and experience or the equivalent will be forwarded to the Selection Committee for review.

If there are very few applications for a position, the Selection Committee may determine minimum qualifications as part of the screening process. However, any request for equivalency must be referred by the Selection Committee for review.

13.5 Internal Candidates

The Selection Committee will refrain from discussing any knowledge about an internal candidate’s performance in the workplace at Selection Committee meetings. No positive or negative comments which are not related to the application, testing or the interview should be made about any employee who has submitted an application for a position at the District.

If a Selection Committee member has information concerning a candidate which the member believes should be evaluated in considering the applicant, that Selection Committee member should provide that information to the Committee Chair outside of a Committee meeting. Such information will be deemed reference information and will be provided for verification to the individual who is assigned to check references.

13.6 Paper Screening

Each Selection Committee member will review every application in the application pool; however, if the Selection Committee formed a Minimum Qualifications Screening subcommittee, then the Selection Committee will review only the applications forwarded by the Minimum Qualifications Screening subcommittee. The Selection Committee will use the paper screening instrument and their knowledge of the requirements of the position to evaluate candidates.
When review of the applications is completed by all Selection Committee members, Human Resources will develop a spreadsheet of all of the ratings. All members of the Selection Committee will then meet to select candidates for interviews/oral examinations.

The Selection Committee is advised to review the spreadsheet and to pay particular attention to disparate scoring of any applicant, i.e. an applicant who receives a very high score from some members and a very low score from others. Selection Committee members are encouraged to discuss the candidates’ qualifications stated in the application in depth.

A Selection Committee member may change his/her score for one or more candidates based on the discussion of the Committee. It is important to remember that if a score is changed, then the supporting paper screening tool must also be changed. The Committee Chair and the Process Monitor are responsible for making a record of any scores that are changed during discussions.

The Selection Committee will vote on the applicants who will be invited to interviews/oral examinations. The Selection Committee is a democratic body and each member must be willing to abide by the decision of a simple majority of the Selection Committee. The Selection Committee is encouraged to invite a broad and diverse pool of candidates for interviews/oral examinations. The Selection Committee is reminded also that the scoring must support the candidates recommended for interview.

The Selection Committee Chair will provide Human Resources with the following:

- A list of the candidates invited to interview,
- Any question that requires candidate preparation prior to the interview,
- The amount of time for each interview,
- **Specific instructions necessary for the teaching demonstration,**
- Whether the candidate may preview the questions prior to the interview and, if so, how much preview time, and, if appropriate,
- Whether to advise the candidates that a whiteboard, computer projector, etc. or other equipment will be available.

13.7 Pool Certification and Candidate Notification

Human Resources will complete the appropriate pool certification form which will be signed by the Faculty and Staff Diversity Officer, the appropriate Vice President and the President. The pool certification
form does not include the identities of individual candidates, but simply states the number of candidates invited to interview and the diversity in that group of candidates. The pool certification is done for informational purposes and a pool will not be rejected solely for lack of diversity.

If a substantial number of diverse candidates have been eliminated from the selection process, The Faculty and Staff Diversity Officer, in consultation with the appropriate Vice President, and the Chair of the Selection Committee may review the screening process to determine if there is an indication of bias in the process the pool of candidates for diversity and quality. If such bias is found, the Faculty and Staff Diversity Officer will work with the Selection Committee to eliminate the bias and re-examine the applications.

Human Resources will contact the candidates by phone and confirm the interviews/oral examinations by mail and/or email. The confirmation will provide the candidate with the information approved by the Selection Committee.

13.8 Interview/Oral Examination
The Selection Committee will develop interview questions which will comprise an oral examination. Interview questions may be based on the information contained in the job announcement or may probe the candidate’s knowledge and experience. Each candidate interviewed will be asked the same questions.

Selection Committee members should not eat or have food present on the table where candidates are being interviewed. Selection Committee members may have water or coffee at the interview. Selection Committee members should greet and be cordial to the candidates.

Selection Committee members may assist candidates in setting up technical support for presentation or demonstrations. If the technical support does not work, extra time may be provided to a candidate to get the technical problem resolved as long as it does not significantly impact the appointment times of other candidates. Selection Committee members may assist candidates by handing out materials. It is important that all candidates receive sufficient support to allow them to complete the interview process successfully.

Each candidate will be informed of the amount of time that he/she is scheduled to spend with the Selection Committee and the Process
Monitor will **shall** act as the timekeeper. The Process Monitor may advise the candidate of the elapsed time during the interview if the Process Monitor feels that it is needed. If a candidate does not complete the oral examination in the allotted time, the interview process will be terminated at the end of the allotted time and the candidate will be scored on the completed questions.

When scheduling a room for the interview process, the Selection Committee should evaluate the environment. If the candidate will need to make a presentation, a room which supports the presentation, i.e. a smart classroom, should be considered. Remember that the candidate is evaluating the District and the working environment while he/she is interviewing.

It is advised that:

- The Selection Committee Chair introduces the candidate and that the Selection Committee members introduce themselves to the candidate. The Selection Committee Chair asks the first and the last questions in the process.
- The Selection Committee ensures that the candidate is seated comfortably and has water.
- A copy of the interview questions is placed on the table in front of the candidate so that he/she can read the questions as well as hear them when they are asked.
- Each Selection Committee member asks at least one question.
- The first question asked of a candidate is a general question which asks the candidate to describe his/her experience, education and/or qualifications.
- The candidate is asked a question which allows him/her to make a summary or final statement which is unscored. However, the answer provided may be used in scoring any question asked during the interview.
- The candidate may be asked if he/she has any questions about the position or the process.

*Follow-up questions* during the interview/oral examination should be limited. A Selection Committee member may ask a follow-up question if the member needs additional information in order to fairly evaluate a response.

A candidate may always be asked to expand on an answer or give an example from his/her work experience. If a candidate is asked a string or compound question and does not fully answer the question, a Selection Committee member may ask for the omitted information.
A Selection Committee member may not ask a candidate to provide information related to the application materials. A Selection Committee member may not ask any questions that are unrelated to the approved questions. The Selection Process Monitor or the Selection Committee Chair will interrupt follow-up questions which open new areas of questioning.

Selection Committee members should be welcoming to candidates. They may greet the candidate and may smile and nod at the candidate during the interview. Selection Committee members should not engage in conversations with candidate that are not part of the interview. Selection Committee members may answer questions which the candidate poses at the end of the interview when all scored questions are completed.

When all candidates have completed the interviews/oral examinations, the Selection Committee will deliberate. The charge of the Selection Committee is to recommend three candidates (preferably three) who are best qualified for the position to the Finalist Interview Committee.

Selection Committee members should complete a spreadsheet indicating the scores received by each candidate. The Selection Committee should thoroughly discuss the candidates’ qualifications and any disparate scoring received by any candidate(s).

13.9 Recommendation of Finalist Candidates
The Selection Committee will vote on which candidates will be forwarded in ranked or unranked order to the Finalist Interview Committee for review. The Selection Committee is a democratic body and a candidate will be forwarded if a simple majority of the Committee recommends that candidate.

When the Selection Committee determines the candidates who will be forwarded, the Selection Committee Chair should ask the members of the Committee to describe the strengths and weaknesses of each of those candidates. The Selection Committee Chair should take notes of this information so that the Chair may accurately report this information to the members of the Finalist Interview Committee. These notes will be retained with the other Selection Committee materials.

If the Selection Committee cannot recommend at least three finalist candidates, the Committee may write a justification explaining the
reason(s) that three candidates cannot be recommended and sign the
authorization to forward two or one candidate(s).

The President/Superintendent will review the justification and, if
necessary, meet with the Chair of the Selection Committee to discuss
issues related to the Committee’s justification. The
President/Superintendent shall may:
• Accept the recommendation of two or one candidate(s); or
• Reject the recommendation of two or one candidate(s) in a
written statement and ask the Selection Committee to
reconsider its recommendations. The written statement shall
explain, at minimum, why the forwarded candidates are not
satisfactory.

If the Selection Committee reconsiders its recommendations, it may:
• Determine that the Committee cannot recommend any additional
candidate(s); or
• Recommend one or more additional candidates as finalists.

If the Selection Committee cannot recommend any additional
candidate(s), the President/Superintendent may shall review the
Selection Committee’s recommendations the applications of the
candidates interviewed and the Selection Committee records and may:
• Invite an additional candidate(s) to a final interview;
• Decide to reopen the position; or
• Interview the recommended candidate(s) and either recommend
a candidate for employment or close the recruitment without
making a recommendation for employment.

If the President/Superintendent decides to close the recruitment
without making a recommendation for employment, the
President/Superintendent may shall meet with the Selection Committee to
explain the reason(s) for this decision and resolve any remaining
issues.

Human Resources will contact the candidates by phone to confirm the
final interviews.

14. REVIEW OF THE POOL OF FINALIST CANDIDATES

The Selection Committee Chair will provide Human Resources with a
list of the recommended finalist candidates signed by all of the
Selection Committee members.
Human Resources will complete the appropriate pool certification form which will be signed by the Faculty and Staff Diversity Officer, the appropriate Vice President and the President. The pool certification form does not include the identities of individual candidates, but simply states the number of candidates invited to interview and the diversity in that group of candidates. The pool certification is done for informational purposes and a pool will not be rejected solely for lack of diversity.

If a substantial number of diverse candidates have been eliminated from the selection process, The Faculty and Staff Diversity Officer, in consultation with the appropriate Vice President, and the Chair of the Selection Committee may review the screening process to determine if there is an indication of bias in the process the pool of finalist candidates for diversity and quality. If such bias is found, the Faculty and Staff Diversity Officer will work with the Selection Committee to eliminate the bias and re-examine the interview selection criteria (applications, notes, spreadsheets, and other relevant materials).

15. FINALIST INTERVIEW COMMITTEE COMPOSITION

The Finalist Interview Committee will be comprised of:
- the President/ Superintendent,
- the appropriate Vice President,
- the Chair of the Selection Committee, and
- the Division Dean/Area Manager who served on the Selection Committee.

16. FINALIST INTERVIEW/ORAL EXAMINATION PROCESS

The President/Superintendent in consultation with and the appropriate Vice-President Chair of the Selection Committee will develop interview questions for the finalist interview process. The President/Superintendent and the appropriate Vice President Final Interview Committee will review the application materials of the candidates recommended as finalists. Interviews/oral examinations will be conducted by the Finalist Interview Committee.

The Finalist Interview Committee is not a democratic Committee. The members of the Committee provide input to the President/Superintendent. The President/Superintendent’s selection is based on the finalist interviews, input from the Finalist Interview Committee and the information provided by the Chair of the Selection Committee.
about the Selection Committee’s assessment of the strengths and weaknesses of the candidates.

The President/Superintendent will then direct either the appropriate Vice-President or the Vice-President’s designee the Chair of the Selection Committee and/or the Division Dean/Area Manager to check reference for the candidate(s) under consideration for employment.

If the President/Superintendent is unable to recommend any of the finalist candidates for reference checking, the President/Superintendent may ask the Selection Committee to reconvene and determine if they are able to recommend another/other candidate(s).

When the Selection Committee reconvenes, it may:
   • Recommend an additional candidate(s); or
   • Determine that they cannot recommend another candidate(s).

If the Selection Committee recommends another/other candidate(s), the Finalist Interview Committee will interview that/those candidate(s). If the Selection Committee cannot recommend another candidate(s), the President/Superintendent may review the applications of the candidates interviewed, review the notes of the Selection Committee and:
   • Reconsider the applicants initially recommended; or
   • Invite another candidate(s) to interview; or
   • Close the recruitment.

If the President/Superintendent decides to close the recruitment without making a recommendation for employment, the President/Superintendent shall meet with the Selection Committee to explain the reason(s) for this decision and resolve any remaining issues. Whenever possible, the full-time faculty position should be reopened at the next available recruitment opportunity.

17. REFERENCE CHECKING

References will be checked for every candidate who is employed by the District. The appropriate Vice-President or his/her designee The Chair of the Selection Committee and/or the Division Dean/Area Manager will check references using a District-approved form. Reference checking will not be limited to the names specified by the candidate. Reference checking will be thorough and complete. No offer of employment will be made until the reference checking process is completed.
If the President/Superintendent is unable to recommend any of the finalist candidates after reference checking, the President/Superintendent may ask the Selection Committee to reconvene and determine if they are able to recommend another/other candidate(s).

The fingerprinting of a potential full-time faculty employee is part of the reference checking procedure.

18. RECOMMENDATION TO THE BOARD OF TRUSTEES FOR EMPLOYMENT

An offer of employment, contingent on Board approval, will be made to a chosen candidate. If the candidate accepts the contingent offer, the President/Superintendent will recommend the employment of the candidate to the Board of Trustees.

If the chosen candidate does not accept the contingent offer, the President/Superintendent may choose to make an offer to another finalist candidate or may close the recruitment.
