Online Journal and Reference Articles

Journals and magazines usually provide the most current information on a topic. Journal articles are more scholarly or professional while magazine articles tend to be shorter and more general. Newspaper articles, while not usually scholarly or professional, can give you the most current news and some additional facts on your topic. To find articles on your topic, use one of the online databases listed below. See the **Database Page** or handout for a complete description of the Cerritos College Library online resources.

If you search with only the author's name, you may get some information about Nafisi that is not related to her book. She often writes and speaks about issues in the Middle East.
