

ESL Collection

Hi Everyone,

I am Paula, here I am again... this time in the children's literature section to show you about the ESL collection.

This is another one of our hidden treasures.

If you are learning English and need some extra tools to help you master the language, the ESL books can provide the additional motivation you need.

We have a variety of books, including fiction, with different levels of difficulties. These stories are interesting and I can tell you from my own experience that these books can make learning a lot of fun!

About 100 books were recently purchased and they are now available to you.

Up to 5 of books can be checked out, so just bring them to the circulation desk with your school photo I.D and we will be able to check them out for you.
