Cerritos College
Commencement
2008
Cerritos College

FIFTY-FIRST ANNUAL COMMENCEMENT

SATURDAY, THE TENTH OF MAY
TWO THOUSAND AND EIGHT
FIVE O’CLOCK IN THE EVENING
Welcome to Cerritos College’s 51st annual commencement ceremony. On behalf of the faculty, staff, administrators and the board of trustees of Cerritos College, I congratulate the class of 2008. Graduates, today, you join a long list of thousands of graduates from this college who have made their dreams come true. Every semester new students come to Cerritos College to make their lives better by improving job skills, earning associate’s degrees and or career and technical degrees and certificates, and by transferring to the finest universities and colleges in California and around the nation. As graduates, like those before you, you will go on to join the economic and social fabric that helps make this region and our state a better place to live. We all look forward to the contributions you will make.

Cerritos College is distinguished as one of the finest community colleges in the state. This distinction is built on the reputations of our graduates. Their hard work and lifetime achievements all point to a start they found here in a classroom, shop, or laboratory. Our faculty, staff and administrators dedicate themselves to student success and are proud to have had a part in assisting you to reach this important milestone.

We wish you continued success and encourage you to continue learning. We thank your families and friends who supported you because we know how important that support can be. Your success is their success as well. Perhaps our paths will cross again. Should you wish to come back to continue your learning, rest assured that we will be here for you.

Congratulations to the Class of 2008!

Dr. Noelia Vela

Raul Rodriguez, a third generation native of Los Angeles, is an artist and conceptual designer of international acclaim. A classically trained artist in drawing and painting, Raul was raised in East Los Angeles, studied at the Art Center School of Design, and graduated from Cerritos College, and California State University Long Beach. As premier designer for the Tournament of Roses Parade in Pasadena, he has won more awards than any other designer in the history of the parade.

Raul has designed for scores of grand scale events working as designer for the opening stage set of the World's Fair in New Orleans, art director for the "We the People 200" parade in Philadelphia, consultant to the Olympic Games in Los Angeles, conceptual designer for Disneyland's 50th anniversary parade, "Walt Disney's Parade of Dreams", and most recently, Six Flags "Glow in the Park" parades.

His Concepts have illuminated prestigious establishments throughout the Orient, and also in Las Vegas, Reno, and Laughlin, Nevada. These include, among others, the Flamingo Hilton, The Eldorado, and Circus Circus, and most recently the Crowne Plaza Hotel and City of Commerce Casino.

Raul was named "Hispanic Artist of the Year," honored as "Distinguished Alumnus" by the College of the Arts at his Alma Mater, California State University, Long Beach, awarded the Golden Eagle by the Nosotros Foundation, and named "Citizen of the Year" by Wilshire Division of the Los Angeles Police Department. As guest anchor, he and the team at Univision won an Emmy for the 2001 coverage of the Tournament of Roses Parade.

In 2007 he received an Honorary Doctorate in Fine Arts from the University of Redlands.

Raul also illustrates children's book (Best Pal, Millennium Mischief, and A Voice Came To Me).

His philosophy: “To entertain by re-creating diverse dramatic themes drawn from nature and the rich cornucopia of the world's cultures; to replay concepts from the whimsical to the exotic in larger-than-life presentations that allow me to relate the wonders of life in a bold, unique art form.”

Cerritos College

RECESSIONAL
“Stars and Stripes Forever”
by John Philip Sousa
American colleges and universities confer four general types of degrees – associate, bachelor, master, and doctorate. These represent different levels of academic achievement.

**THE ASSOCIATE IN ARTS DEGREE** normally indicates the completion of two years of collegiate work above the level of high school. It is generally thought that this degree is conferred by only junior colleges, but, in fact, it was first conferred in the United States by the University of Chicago in 1900 and is now granted by 156 four-year institutions, as well as by two-year community and junior colleges.

**THE BACHELOR’S DEGREE** usually is conferred upon the completion of a four-year course and is the most common as well as the oldest collegiate degree used in America. The Bachelor of Arts degree was first conferred by Harvard College in 1642 and for 125 years was the only earned degree used in American colleges.

**THE MASTER’S DEGREE** represents one year of advanced study beyond the bachelor’s degree. In a few instances, two years are required to complete required courses in specialized fields.

**THE DOCTORATE** is usually the most advanced degree. It usually takes at least three years beyond the bachelor’s degree, but often longer, to complete all the requirements for this degree. There are three main types of doctorate degrees – professional, research and honorary.

The following is a partial list of the colors which have been designated to represent the various areas of learning:

- Arts, Letters, Humanities ........ White
- Business ......................... Drab
- Dentistry ........................... Lilac
- Education ....................... Light Blue
- Engineering ..................... Orange
- Fine Arts ......................... Brown
- Home Economics ............. Maroon
- Journalism ................. Crimson
- Law ............................... Purple
- Library Science .......... Lemon
- Medicine ......................... Green
- Music .............................. Pink
- Nursing ......................... Apricot
- Oratory (Speech) .... Silver
- Pharmacy ..................... Olive
- Philosophy ............. Dark Blue
- Physical Education .... Sage Green
- Science ................... Gold-Yellow
- Theology or Divinity ...... Scarlet
- Veterinary Science .......... Grey

**Honor Graduates**

The honor graduates are identified by the silver tassel they wear on their cap. Graduates who achieve a 3.3 to 3.69 grade point average will graduate “With Honors.” Those receiving a 3.70 to 4.0 will graduate “With Highest Honors.” Students achieving “Highest Honors” are designated by two asterisks (**) and students achieving “Honors” are designated by one asterisk (*) in this program.
The Academic Procession

One of the most colorful parts of the commencement exercise is the academic procession, the opening part of the time-honored and traditional ceremonies. The processional includes all of the participants of the exercises, the graduating class, faculty, board of trustees, and participating guests.

The graduating class wears the solid black gown marked with no hood or color. The college’s faculty, which includes its instructors, counselors, and administrative staff, along with the trustees and the program guests, wear gowns indicative of their academic rank. This part of the processional is indeed one of the most awe-inspiring of all collegiate ceremonies.

The heritage of the cap and gown, with the colorful spectacle of the academic array, dates back to the twelfth century and the establishment of the first universities in Europe. Although there have been many changes in design and color, each individual gown, with its rank, is symbolic of achievement in a special field.

The Continental System, still used by England and the rest of Europe, allows a distinctive design and color for each college and university. In the United States, however, a uniform intercollegiate Academic Code has been adopted. The code is a simple one, regulating the colors and materials to be used. Knowledge of a few of these rules permit the viewer to “read” the costume of any graduate of an American educational institution and know at once the wearer’s degree, the field or department in which it was earned, and possibly the college from which the degree was received.

Faculty gowns are divided into three groups, dependent upon the degree of the wearer. The bachelor’s gown is one made of black worsted material with long, pointed sleeves, and the front is closed at the neck. The master’s gown is either of black silk or wool and has a long closed sleeve with an arc of a circle appearing near the bottom and a slit, at elbow length, for the arm. The gown is worn closed at the front. The doctor’s gown is black silk with full, round, open sleeves. It is faced with velvet and has three velvet bars on each sleeve. The color of the velvet is usually black but it may be of the same color of velvet as that which edges the hood. The gown is also worn open at the front.

The traditional black mortarboard-style cap is worn for all degrees, the only difference being the tassel. For bachelor and master, it is usually black, but occasionally it is the color of the velvet on the hood. The doctorate tassel is gold.

The academic costume is set off by the most distinctive of all insignia, the hood. The hood is made of black material to match the gown and varies in length according to the degree: bachelor, three feet; master, three and one-half feet; and doctorate, four feet. Each hood has a velvet edge of varying widths according to the degree: two inches, three inches, and five inches respectively. The edging is carried around to the front of the neck to form a neck band. The color of this velvet trim indicates the field or department of learning in which the degree was earned. All hoods have silk lining of the official color or colors of the college or university conferring the degree.

Cerritos College Alma Mater

Hail, Alma Mater

Your Sons and Daughters sing of the school

that they love so well

Loyal one, faithful, truthful, courageous,

These are the truths we learned beneath thy wing:

In our hearts we’ll always cherish memories

In our minds we carry knowledge

gained from thee

Hail Alma Mater

Blue and White we honor

Your name Cerritos College.

Jack Wheaton, 1959
