Example: Completed Cycle

PTA 110: Intro to Physical Therapy (Summary of Process)

**Learning Outcome (Step 1):** By the end of the first internship, students will be able to produce documentation to support the delivery of physical therapy services.

**Assessment Method (Step 2):** The Department used a standardized evaluations (Clinical Performance Instrument Standard 7) to assess the SLO.

**Results (Step 3):** 90% of students received passing scores. 10% of the students had difficulty determining an appropriate assessment and or plan.

**Improvement Strategy (Step 4):** The program adopted a text in which students actually had to practice documentation as they answered the questions in the text. Additionally, students were required to document interventions as they practiced them in PTA 110 lab section. Students also had to write an acceptable progress note during their lab practical in order to receive a passing grade in the course.

**Implementation (Step 5):** The improvement strategy was implemented and a follow up assessment move the 90% pass rate to 100%.
