Born to a teacher mother, teaching just came naturally to Cerritos College psychology professor Kimberley Duff. Duff’s family came to the United States from Scotland when she was nine years old.

The school district in the Midwest had no idea which grade to place this new student in, who was from a different school system in Scotland, and she ended up in fifth grade as a nine-year-old.

She admits that she was not a very successful student in high school due to the cultural difference and age difference and did not like school. It’s not hard to imagine the difficulty keeping up with high school level classes for a 13-year-old, let alone adjusting to a new culture. Even though the language spoken is the same English, the American culture is very different from the Scottish culture.

Duff remembers feeling torn between two cultures. When she disagreed with someone American, she would get “that’s because you are not American,” and when she disagreed with someone back home, the person would tell her “that’s because you are American.”

These cultural experiences initiated her interest in psychology and in researching stereotypes. After finding her calling for psychology – she was a college student by then – she excelled at school.

She received her bachelor’s degree in psychology with honors from UC Santa Barbara and continued her studies to earn her master’s degree in 1995 and her doctoral degree in 1999, both from the University of Illinois, Chicago. Since then she has taught as an associate professor in Cerritos College’s psychology department.

As an instructor, she believes it’s never too early for students to do research that matters. While most students presenting their research findings at national conferences are graduate students, Duff has encouraged her community college students and alumni to jump in and give their seniors a run for their money—with impressive results. This has led to many former Cerritos College students continuing in a career in psychology at the four-year university level and beyond.

Students are often surprised that they are able to do sophisticated research at a community college, and the feedback she receives from the students is overwhelmingly positive.

Mentoring has always been Duff’s passion above anything else. As part of her sabbatical project in 2008, Duff developed the MAP Web site (www.cerritos.edu/kduff/map) in which her psychology students can connect over the Internet with former Cerritos College psychology students, as well as access valuable information related to their major.

The MAP Web site is designed for students of psychology and uses students as a resource. The Web site provides biographies of psychology alumni from the research methods course and provides current students a way to contact these former students to serve as mentors.

It highlights novel empirical research that students have conducted and presented at conferences, podcast interviews with former students about what makes them successful students and psychologists, and many other resources for students.

Through MAP, Duff is connected with an amazing 70 percent of the research class graduates and they are giving back to the college by serving the current students as mentors.

As a teacher, few things are more gratifying to Duff than to watch her students have such success. “Seeing our students have their work accepted through the review process is a testament to all of their hard work, and it reflects the quality of education that our students receive at Cerritos,” she says.

Duff received the Society for Teaching of Psychology’s 2008 Wayne Weiten Excellence in Teaching Award, which annually recognizes an outstanding teacher at a two-year college. The Society for Teaching of Psychology is Division 2 of the American Psychological Association (APA).

Duff wears many hats as Psychology Club and Psi Beta co-advisor, book reviewer for various publishers, managing editor for MyPsychLab, and a multimedia Web site developer, to name a few, plus teaching and mentoring her students.

Although she encourages her students to interact and mentor each other, there is no mentor that is more passionate and supportive of the psychology students than Duff herself.

“Thanks to Dr. Duff’s support, students realize that they are able to do outstanding research at a community college,” said Maria Cosio, Dr. Duff’s former student and former teaching assistant.

To Duff, excellence is to have a passion in what you do and go above and beyond what others are doing – and she herself stands as a testament to excellence.

Monday - Saturday 2:00 a.m. - midnight
Sunday 8:00 a.m. - midnight

All eligible continuing students have the opportunity to enroll for classes on or after their scheduled appointment by logging on to the Cerritos College home page at www.cerritos.edu and selecting MyCerritos. (Please verify your appointment date and time.)

WHO MAY ENROLL USING MYCERRITOS

All continuing students (students who attended Spring 2010) and new, returning, and transfer students who have met matriculation requirements.

Exceptions: • Students who are on probation, subject to dismissal, or who have not seen a counselor for a contract.
• Students with enrollment holds (NSF checks, library and athletic obligations, administrative holds, etc.)

VERIFY YOUR APPOINTMENT

Verify your appointment date and time at www.cerritos.edu and select MyCerritos, “Student Center”, “Enrollment Dates”. On your appointment date and time, log on to MyCerritos, “Student Center”, “Enroll”.

REQUIREMENTS BEFORE ENROLLMENT

Academic Advisement: Students who need advisement assistance are encouraged to see a counselor prior to their MyCerritos enrollment appointment date.

DSPS and EOPS Students: Should first contact their counselor or specialist in their program for enrollment assistance.

Clear Holds: All enrollment holds must be cleared prior to your enrollment date.

PLAN YOUR CLASS SCHEDULE

• Check student data on enrollment appointment. If there are corrections, please contact Admissions and Records, in person, as soon as possible. Address, phone number and email corrections can be made by using MyCerritos.

• Check “Holds and To Do’s” on MyCerritos prior to enrolling.

• Use the worksheet on page 15.

• List classes in priority order; 8 units maximum per semester.

• List alternative classes in case your class choices are not available. Pick alternatives with the same time offerings.

• Verify your placement scores and completion of prerequisites. Identify required LABS and possible CLASS TIME CONFLICTS.

• Students can make PROGRAM CHANGES (class adds and drops) by MyCerritos after initial enrollment.

NOTE:

• Prerequisites ARE CHECKED WHEN YOU ARE PLACED ON A WAIT LIST. They are also checked at enrollment. YOU MAY LOSE A SEAT if prerequisites are not met when the instructor adds you to a class, or “auto-enroll” is activated. “Auto-enroll” will automatically enroll students from the wait list to the official roster when space becomes available.

• Cerritos College uses an “auto-enroll” process from wait list to roster. You are responsible for all drops. If you do not want your wait-listed classes, please drop to avoid a substandard grade and forfeiture of enrollment fees. For more information on wait lists, see “Wait List” on page 13.

• If you are enrolled in a class AND are on a wait list for the same course (i.e., enrolled in SOC 101 and #1 on the wait list for SOC 101 at another time) you will lose a seat when “auto-enroll” tries to move you from the wait list to the official roster due to “Multiple Enrollment”.

TO ENROLL

Verify your appointment date and time. If you log on to MyCerritos before your appointment date and time, the system will not allow you to enroll. However you may log on anytime on or after your scheduled appointment date and time during published enrollment hours.

• Go to MyCerritos (http://my.cerritos.edu) or the Cerritos College home page and select MyCerritos.

• Select “Student Center”.
• Select “Enroll”.
• Verify Term (Summer 2010).

• Verify class information and availability, and select “Next”. If your class is closed you may wish to be added to a wait list, if available. Check the “Wait List” box and select “Next”.
• Your class is now in your “Shopping Cart”. You may enter another class number or, if done, select “Proceed to Step 2 of 3”.
• Confirm your class(es) and select “Finish Enrolling”.
• Verify your status as “Success”.
• To pay for your class(es), select “Make a Payment” and follow the directions for credit card payments.

FEES ARE DUE AND PAYABLE

IMPORTANT: Students are required to pay all fees at the time of enrollment. Payment plans are not available. Each enrollment in a class or add to a wait list for a class results in a fee amount due. Students adding their names to wait lists will be charged the applicable enrollment fees and tuition. The amounts due will appear on the student account.

PAY CLOSE ATTENTION TO ALL DEBTS LISTED FOR EACH TRANSACTION. Board of Governors Fee Waiver (BOGFW) students’ course enrollment fees are waived; however all other fees, including but not limited to the Student Health fee and applicable lab/materials fees, are due and payable at the time of enrollment.

Failure to pay in seven (7) calendar days will result in withdrawal from courses and/or wait lists. Day one (1) of seven (7) calendar days begins when enrollment occurs for each class.

CERRITOS COLLEGE WILL BE CLOSED ON FRIDAYS FROM MAY 28 THROUGH AUGUST 6, EXCEPT FOR JUNE 4 AND JULY 9.

BUY YOUR BOOKS WHEN YOU ENROLL!

Now you can buy your textbooks during the enrollment process. Just click the “buy books” button in MyCerritos on either of two screens: one when you “Add Classes” and another on “My Class Schedule”. The button links to the Cerritos College Bookstore’s eFollett website and presents a list of items (if available) that directly relate to your enrolled classes for the term.
As you enroll in classes, you may find that some are “closed.” This means that these classes have reached maximum enrollment. In this event you may choose to add your name to the wait list. The number of additions to wait lists is limited to 10 units. Please follow the instructions on MyCerritos.

Cerritos College has implemented a “paid” wait list. What this means is that once you have added your name to the wait list, you must pay all applicable fees for that class. Additionally, “auto-enroll” will be in operation. Auto-enroll will automatically enroll students from the wait list to the official roster when space becomes available. Auto-enroll from a wait list will not occur if:

1. Student has a hold (service indicator) on their account. Please check MyCerritos under “Holds and ToDos”.

2. The class prerequisite has not been met.

3. Illegal course repetition has occurred. (See Admission and Records for Academic Records and Standards petition.)

4. There is a class time conflict. Students may not be enrolled in two classes that meet at the same time.

5. If you are enrolled in a class AND are on a wait list for the same course (i.e., enrolled in SOC 101 and #1 on the wait list for SOC 101 at another time) you will lose a seat when “auto-enroll” tries to move you from the wait list to the official roster due to “Multiple Enrollment”.

Auto-enrollment will continue through the Sunday before classes begin. View your enrollment status on MyCerritos (http://my.cerritos.edu). Failure to attend class IS NOT an automatic drop or refund. If you do not want your wait-listed classes, please drop to avoid a substandard grade and forfeiture of enrollment fees.

Prompt attendance on the first day is recommended for all wait listed students. Failure to attend will jeopardize your enrollment status.

Mopeds and motorcycles may use designated areas at no charge. A daily permit may be purchased for $2.00 from the yellow dispensers located in the student parking lots.

FEES/REFUNDS

The above listed eligible students may file a petition with the district requesting refund of their enrollment fee(s). A refund will not be processed if academic credit has been awarded for the class. Refunds are not automatically processed.

To request a refund, a student must come to the Admissions, Records & Services office and submit a refund request form. The refund request form is also available online and can be mailed to the Admissions, Records & Services office. Approved refunds will be mailed in approximately four to six weeks. Be sure your current mailing address is on file with the college.

A check is the only form of payment that Cerritos College uses to issue refunds. If a payment is made by credit card for any registration transaction, and you later drop any or all of your classes within the required refund period, we will NOT credit your credit card account. All refunds checks are made payable to the student.

Refunds are made pursuant to Title 5, Section 58501 or 58501.1.

1. **Enrollment Fee, Non-Resident Tuition, and Capital Outlay Fee** will be refunded if a student has officially dropped within the appropriate deadline for the session. **There are no exceptions.**

2. **Student Health, Student Activity, and Parking Fees** will be refunded only if a student has officially dropped all classes, and applied for the refunds, before the term begins. The Student Activity sticker and Parking Permit must be surrendered at the time the student applies for the refund. Once the term begins, no refunds will be issued. **There are no exceptions.**

3. **One year limit on refunds.** Students seeking refunds must meet requirements of #1 and #2 above to be eligible. Students then have one year from the beginning of the semester in which fees were due to apply for a refund. Beyond the one-year limit, students will no longer be eligible for a refund.

**RESIDENT REQUIREMENTS**

To be considered a California resident for purposes of admission to Cerritos College, a student is required to have resided in the state of California for at least one year and one day prior to the start of the semester for which the student is enrolling.

REFUND POLICIES AND PROCEDURES

It is the student’s responsibility to apply for a refund. A student is eligible for a refund after classes have been officially dropped. Classes must be dropped by the appropriate deadline for the session in order to be eligible for a refund. Stated deadlines are not adjusted due to late enrollment. See the “Calendar of Important Dates” for specific deadlines.

A student is eligible for a refund if: a) classes are dropped by the required deadline; b) the program change is the result of action taken by the college to cancel or reschedule a class; c) the student is dropped for failure to meet a prerequisite(s) or corequisite(s); and/or d) the student is active or reserve U.S. Military personnel who withdraws due to military orders.
REPEATING A COURSE
At Cerritos College, previous course enrollment is reviewed electronically for prior enrollment attempts. Most courses have repeatability limitations. Cerritos College offers some courses that have designated repeatability. Please review the catalog for maximum repeat units available.

Students may repeat a course in which a substandard grade (D, F, NP, FW) or “W” in any combination has been received one time without filing a petition. Prior to a second repeat (third enrollment) of a course, students must file a petition with, and receive approval from, the Academic Records and Standards Committee. Upon completion of a repeated course, the most recent grade earned will be computed in the cumulative grade point average and the student's academic record so annotated.

When a student repeats a class to alleviate substandard academic work, the previous grade and credit shall be disregarded in the computation of grade point averages, but shall not be deleted from the student's permanent record. Courses that are repeated shall be recorded on the student's permanent academic record using an appropriate annotation. Annotating the permanent academic record shall be done in a manner so that all work remains legible, insuring a true and complete academic history.

Students may use an equivalent course from an accredited college or university to replace a Cerritos College course in which a substandard grade was recorded, if earned subsequent to the substandard grade at Cerritos College. The student must petition the Academic Records and Standards Committee to record the change. The College may honor the prior course repetition actions of other accredited colleges and universities in determining acceptance of credits, subject to student petition to, and approval by, the Academic Records and Standards Committee.

Examples of Exceptions to Course Repetition Limitations
An Academic Records and Standards petition must be filed for official consideration of certain repeat requests. Contact the Admissions & Records Office for specific directions.

1. Student received an "MW" (Military Withdrawal).
2. Student's previous grades are a result of documented circumstances beyond his/her control.
3. Cooperative work experience courses, subject to stated maximums, as provided in the College Administrative Procedures.
4. Certain activity or skill building courses, subject to stated maximums, as provided in College Administrative Procedures.
5. Certain classes for students with disabilities, subject to stated qualifications, as provided in College Administrative Procedures.
6. Repetition necessary for legally mandated training. Such courses may be repeated any number of times, regardless of whether or not substandard work was previously recorded, and the grade received each time shall be included for purposes of calculating the student's grade point average.
7. Following a qualified significant lapse of time, as provided in College Administrative Procedures.

PASS/NO PASS CLASSES
Classes offered on a non-optional pass/no pass basis only will be indicated on a student's permanent record as a "P" grade (with unit credit) or "NP" grade (no units earned). This will not affect the student's grade point average. Optional pass/no pass courses are designed to encourage students to explore courses in areas they feel they may have an interest. See page 20 for guidelines and a list of approved courses in each department.

OPEN ENTRY/OPEN EXIT CLASSES
All students should meet with the instructor as soon as possible after the start of the session to inquire about enrollment (unless otherwise noted). A student may enter these classes at any time during the session prior to the specific cut-off date for the individual classes. The courses may be completed within the session in whatever time is necessary for the student to finish the course requirements.

DIRECTED STUDIES
Any student interested in pursuing independent projects on an individual basis for one or two units should contact a faculty member to determine if he/she is available to sponsor a directed studies project. Students may enroll in these classes only through the second week and with the authorization to enroll in Directed Studies. Form must be signed by both the instructional dean and the faculty member conducting the Directed Studies.

WORK EXPERIENCE
Students may register for Cooperative Work Experience only through the second week of classes. Only a reduction of hours may be made after the first week.

For additional information regarding auditing, students may make inquiries at the Counseling Office, Office of Academic Affairs, Division Office, or the Office of Admissions and Records. Audit forms may be obtained in the Office of Admissions and Records.

Units thus earned may be counted toward the A.A. degree, but grade points are not assigned to pass/no pass grading symbols.

Courses approved for pass/no pass will be indicated on the student’s permanent records as “P” with units earned and no grade points; or “nP” with no units earned and no grade points. Units attempted for which “nP” is recorded shall be considered in probation and dismissal procedures. The student is required to complete all assignments, and shall be subject to all withdrawal and attendance regulations. Standards of evaluation are identical for all students.

ATTENDANCE

It is the responsibility of students to attend classes regularly and apply themselves to the college studies in which they are enrolled. When students have been absent due to illness, they should report to their instructor to explain the absence. For summer school, a student is considered excessively absent and subject to exclusion from class when the hours of absence exceed ten percent (10%) of the total class hours. Listed below are two types of absences which permit the making up of work missed, provided that the work is of such a nature that it can be made up.

1. AUTHORIZED ABSENCE: For an approved educational field trip or school activity.
2. EXCUSED ABSENCE: For illness, injury, or quarantine. NO CREDIT WILL BE GIVEN FOR A CLASS IN WHICH A STUDENT IS NOT OFFICIALLY ENROLLED. Students must attend the first class meeting or their names may be removed from the roll to allow another student seeking admission on an availability card to enter. If a student is unable to attend the first class meeting, the instructor must be notified.

DISMISSAL FROM CLASS OR COLLEGE

Excessive absences, unsatisfactory academic or progress achievement, undesirable citizenship, or falsification of information supplied to the Office of Admissions and Records shall serve as a basis for dismissal from a class or from the college.

* The RD symbol is used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. RD shall not be used in calculating grade point averages.

GRADE CHANGES

The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency. The correction of a grade given shall only be allowed for a request initiated within one year following the end of the term in which it was assigned. Exceptions to the one-year limit on grade changes may be requested by petition of the student in extenuating circumstances. A formal petition must be submitted to the Academic Standards Committee. Extenuating circumstances are verified cases of accident, illness, or other circumstances beyond the control of the students (Title 5, Section 55760, Board Policy 4231).

GRADING DEADLINES

See the “Calendar of Important Dates” for specific deadlines for dropping without a “W”, electing the P/NP grading option, and dropping with a “W”.

INCOMPLETE

Students are not to re-enroll for a course in which a grade of “I” has been recorded. Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an “I” symbol being entered in the student's record. The condition for removal of the “I” shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the “I” and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Admissions and Records Office until the “I” is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The “I” may be made up no later than one year following the end of the term in which it was assigned. The “I” symbol shall not be used in calculating units attempted nor for grade points. A student may petition for a time extension due to unusual circumstances by completing a petition form from the Admissions and Records Office.

WHAT IS THE SCHOLARS’ HONORS PROGRAM?
The Scholars’ Honors Program (SHP) is a social and academic home that Cerritos College offers to talented and motivated students planning to transfer to four-year colleges and universities, especially to the UC and CSU systems. It introduces you to a community of faculty and staff who are committed to helping you succeed and it provides you with a supportive environment of fellow-students with similar goals and interests.

WHAT DOES HONORS OFFER ME?
- Small-enrollment classes giving you direct access to the instructors
- One-on-one contact with professors to learn research skills through completing honors contracts
- Guaranteed priority consideration for transfer to local UC campuses
- Acceptance into honors programs with priority registration privileges at regional CSU campuses
- Library privileges at local universities
- Opportunities to travel to academic conferences to present research papers

AM I ELIGIBLE FOR THE SHP?
Current college students need:
- Minimum 12 units of UC/CSU transferable classes
- A cumulative GPA of 3.0 or above in all transferable coursework
- Readiness for English 100 (Freshman Composition)

Students applying from high school need:
- A cumulative GPA of 3.25 in all coursework
- Readiness for English 100 (Freshman Composition)

HOW DO I JOIN?
Go on line to the SHP web page, http://www.cerritos.edu/shp where you can find more information and an on-line application. You can also pick up a paper application at the SHP Office (next to the counseling appointments desk in the One Stop Center), or request one by phone: (562) 860-2451, ext. 2728, or by e-mail: shp-info@cerritos.edu.

HONORS COURSES, SUMMER SESSION, 2010
Honors Contract Courses: All courses which are UC or CSU transferable and taught by full-time instructors are eligible for Honors contracts. Consult your instructor or check the SHP Web Page (www.cerritos.edu/shp/) or SHP office for a list of available courses.
WHAT IS DISTANCE EDUCATION?

Distance education takes place when a teacher and students are separated by physical distance and technology. In place of traditional classroom delivery, voice, video, data, and print are used to bridge the instructional gap. Cerritos College offers online and hybrid courses. All courses carry full academic credit and their content is equivalent to what you would receive in a more traditional mode of delivery.

WHAT SKILLS ARE REQUIRED FOR ONLINE LEARNING?

Before registering for any online course, you should make sure that you are proficient in the following areas: basic computing, web browsing, email, and word processing. Your instructor will not teach these skills as part of the course content. If you do not possess these skills, you can register for EDT 50, Preparation for Online Learning, or CIS 101, Introduction to Computer Info Systems.

WHAT ARE THE TYPES OF ONLINE INSTRUCTION?

Online courses occur online. Some instructors may require on-campus attendance for orientation, test-taking, or to satisfy other course requirements. Access to email and the Internet are required to complete work using email, chat rooms, discussion boards, and other instructional tools. Online courses are designated as OL in the published class schedule.

Hybrid courses include the combination of traditional in-class instruction with computer-based learning and other instructional technologies. Therefore, students will be required to attend on-campus meetings as scheduled by the instructor, as well as complete work using email, chat rooms, discussion boards, and other instructional tools. These courses are designated as HYBRID in the published class schedule.

ENROLLING IN AN ONLINE COURSE?

Students enroll in online sections in the same manner as regular classes. Consult the general enrollment procedures in this schedule for more information.

ACCESSING ONLINE AND HYBRID COURSES:

2nd 6-WEEK SESSION – July 6-August 13, 2010
It is the policy of the Cerritos Community College District to provide an educational, employment, and business environment free of unwelcome sexual advances, requests or offers for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by federal and state statutes.

The Board of Trustees and the President-Superintendent have provided regulations and procedures to implement this policy and the regulations and procedures are included as a part of the District's Staff Diversity Plan.

It is a violation of this policy for anyone who is authorized to recommend or take personnel or academic actions affecting an employee or student, or who is otherwise authorized to transact business or perform other acts or services on behalf of the Cerritos Community College District, to engage in sexual harassment as defined below.

Sexual harassment occurs when unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature takes place and:

1. Is made explicitly or implicitly a term or condition of an individual's educational status or employment; or
2. Is used as a basis for educational or employment decisions affecting such individual; or
3. Has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive educational or working environment; or
4. Is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the District.

Informal and formal complaints under this policy shall be processed through the District's Administrative Procedure 3435, Discrimination and Harassment Investigations, through the Faculty and Staff Diversity Officer. The College's policies and procedures are available on the website and are also published in the college catalog.

POLICY ON SEXUAL AND OTHER ASSAULTS

Cerritos College is committed to providing a safe and secure environment for all members of the campus community. Board Policy 3540, Sexual and Other Assaults on Campus, conforms with relevant State and Federal Laws. Sexual assault and acquaintance rape are crimes and will be treated as such. Any student or employee who becomes a victim of sexual assault or acquaintance rape is encouraged to report the crime immediately to Campus Police. The District is dedicated to providing prompt and compassionate services to all crime victims. In the event of an incidence of sexual assault or acquaintance rape, Student Health Services will provide support services and direction. The phone number for Student Health Services is (562) 860-2451, ext. 2321. The Chief of Campus Police will notify the President-Superintendent of all reports of sexual assault and/or acquaintance rape.

Please see Board Policy 3540 and Administrative Procedure 3540, Sexual and Other Assaults on Campus, for more information. This Policy and Procedure are on the Board Policy webpage at: http://cms.cerritos.edu/board/policies/board-policies.

Requirements for the Associate in Arts (A.A.) Degree at Cerritos College can be met in one of three different ways: Plan A, B or C.

**PLAN A** is designed primarily for those students interested in preparing for a vocational career upon graduation. Plan A may also be used by university transfer students and for students in vocational majors who may possibly wish to transfer in the future. However, there are courses listed under Plan A that are not transferable for general education credit to the four-year universities. Therefore, students wishing to use this option should see a Cerritos College counselor for advice in selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan A degree description page for further details.

**PLAN B** is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements, and the California State University (CSU) General Education Certification pattern. Students should see a counselor for advice on selecting the A.A. General Education plan that in combination with a major will best match their educational and career goals. Please see the Plan B degree description page for further details.

**PLAN C** is designed primarily for students who intend to transfer to the University of California (UC), or who are undecided between transferring to the University of California or the California State University. Students may use this plan to combine completion of both the A.A. degree general education requirements and the Intersegmental General Education Transfer Curriculum (IGETC) requirements. Plan C may not be recommended for some majors at certain CSU or UC campuses. Please see the Plan C description page for further details.

*The significant differences between Plan A, Plan B and Plan C are:*

**Plan A** requires the completion of a minimum of 18 units of identified general education courses and requirements and a minimum of 18 units of specified “major” courses, proficiency requirements and electives, if necessary, to total a minimum of 60 degree applicable units.

**Plan B** requires a minimum of 39 units of identified CSU general education courses and requirements plus specified major courses, the health and wellness proficiency requirement, and elective courses, if necessary, for a minimum of 60 degree applicable units.

If a student only wishes to transfer at an upper division level and is not seeking an A.A. degree, a minimum of 60 UC transferable units is required. (See IGETC, UC transfer requirements, and your counselor.)

There are important differences among the three plans. In order to select the plan that best meets each individual's AA and transfer goals, students should see a Cerritos College counselor.

Associate in Arts Degree  
General Education

Plan B and/or  
The General Education Certification  
Requirements For The Bachelor's Degree  
At The California State University

Plan B is designed primarily for students who will transfer to a California State University (CSU) campus and are not interested in attending a University of California campus. Students may use this plan to combine completion of both the Associate in Arts general education requirements and the CSU General Education Certification pattern. Students should see a counselor for advice on selecting the AA General Education plan that in combination with a major will best match their educational and career goals.

To earn an Associate in Arts Degree using Plan B, students must complete a minimum of 60 degree applicable units with an overall grade point average of “C” (2.0) or higher which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (See description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. However, there are no proficiencies required for CSUGE certification.

It should be noted that completion of the CSU General Education Certification is not required for admission to the CSU nor is it the only way to fulfill the lower division general education requirements. Depending upon the student’s major, it may be advantageous to complete the requirements of the specific campus the student plans to attend.

General Education Requirements for the Associate Degree and for Transfer to the California State University and University of California

Associate in Arts Degree
General Education
2009-10
Plan C and/or
The Intersegmental General Education Transfer Curriculum (IGETC)
For Transfer To UC And CSU

Plan C is designed primarily for students who intend to transfer to the University of California (UC) or are undecided between transferring to the UC or the California State University (CSU). Students may use this plan to combine completion of both the AA Degree general education requirements and the IGETC General Education requirements.

The purpose of IGETC is to provide an option for students to fulfill lower division general education requirements prior to transferring to a UC or CSU campus.

Depending upon the student’s major and campus choice, it may be advantageous to complete the requirements of the specific campus the student plans to attend. In general, it is not advisable for transfer students preparing for majors at any UC campus requiring a high number of units, such as engineering and science, to use IGETC.

Plan C can be fulfilled by completing the IGETC requirements specified for either the UC or CSU.

A letter grade of “C” or higher is required in all Plan C courses.

To earn an Associate in Arts degree using Plan C, students must complete a minimum of 60 degree applicable units with a grade point average of “C” (2.0) or higher which must include the specified general education requirements and designated courses for a major. The Health and Wellness Proficiency requirement must be completed (See description in Plan A).

If a student wishes only to transfer and is not seeking an A.A. degree, they can follow the requirements below. However, there are no proficiencies required for IGETC certification.

It should be noted that completion of IGETC is not required for admission to the UC or CSU.

Further information and other regulations pertaining to IGETC and the Associate in Arts Degree are found in the catalog.

STATEMENT OF STUDENT RIGHTS AND RESPONSIBILITIES
PREAMBLE
The community college exists for the transmission of knowledge, the pursuit of truth, the development of students and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth and knowledge.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus and in the larger community. Students should exercise their freedom with responsibility so as not to endanger the rights, goals and beliefs of other students.

Cerritos College should be open to all qualified students regardless of race, color, national origin, ancestry, sex/gender, age, religion, marital status, disability, Vietnam Veteran status, or sexual orientation.

CLASSROOM RIGHTS AND RESPONSIBILITIES
The professor in the classroom and in conference should permit free discussion, inquiry and expression of thought by the student. Student performance should be evaluated solely on an academic basis, not on opinions or willingness to accept professors’ personal beliefs, or conduct unrelated to academic standards. Students should be free to take reasoned exception to the data or views offered in any course of study for which they are enrolled and for maintaining standards of academic performance established for each course in which they are enrolled. The student has the right to have the course taught in a systematic, meaningful manner and of knowing at the beginning of the course those academic standards required of the student in the course.

Administrative staff and faculty members should respect confidential information about students such as student views, beliefs and political associations, which is acquired in the course of their work. Transcripts of academic records should contain only information about academic status.

ON THE CAMPUS RIGHTS AND RESPONSIBILITIES
Students should be free to examine and discuss all questions of interest to them, and express opinions publicly and privately. They should be free to organize and join associations to promote their common interests. The membership, policies and actions of a student organization will be determined by vote of only those persons who hold bona fide membership in that college organization. Campus advisors shall advise organizations in the exercise of their rights and responsibilities.

Student organizations shall be required to submit a statement of purpose, criteria for membership, rules of procedures, a current list of officers and the advisor shall certify the list of verified members. Campus organizations should be open to all students.

Student and student organizations should be free to support causes by orderly means which do not disrupt the regular and essential operation of the college. Student organizations shall have the right to recommend, invite and to hear any person of their own choosing as long as such speakers and topics are in accordance with federal, state and local laws, and guarantee the safety of students and protection of public property. Guest speakers invited by students or student organizations should be subjected only to those policies, requirements, and regulations as established by the Board of Trustees in order to insure an appropriate and meaningful contribution to the academic community. It should be made clear to the academic community and the larger community that the public expressions of students, student organizations and guest speakers speak only for themselves.

As constituents of the academic community, students should be free, individually and collectively, to express their views on issues of institutional policy, instruction, the evaluation of professors as it pertains to their course content and on matters of general interest to the student body.

IN THE LARGER COMMUNITY
College students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly and right of petition that other citizens enjoy. As citizens, they should be subject to civil law as others and may incur penalties prescribed by civil authorities when violating these laws. Only where the college’s interest as an academic community are distinct and clearly involved should the special authority of the college be asserted.

STUDENT PUBLICATIONS
Student publications and the student press perform the traditional roles of informing, entertaining and influencing. They are both instructional and informational, and as such should meet the highest academic and professional standards in serving the broad college community and should set forth as the primary goal of the student newspaper the coverage of news events, happenings and experiences on the college campus.

Associated Student Body, administrative and academic authorities, in consultation with students and advisors have the responsibility to define and clarify the role of student publications, and the standards to be used in their evaluation.

They must also assure that both academic freedom and editorial freedom are protected and exercised so that the integrity of the student publications program and the free press will not be compromised.

It is incumbent upon student editors and managers to act according to the highest ethics of responsible journalism. This corollary responsibility includes careful adherence to the laws of libel and good taste, and such considerations as the avoidance of indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo and should allow adequate space for rebuttal and differing views in regard to articles in which there is some controversy.

Safeguards to assure freedom of the student press with responsibility should include freedom from censorship or arbitrary control of the press, and protection of editors and managers from arbitrary attack, suspension, or removal because of disapproval of editorial policy or content by any external influence.
GRIEVANCE PROCEDURE (EXCEPT GRADES AND GRADING, SEXUAL HARASSMENT, AND OTHER ILLEGAL DISCRIMINATION):  

STEP I - INFORMAL ACTION  

A. The student with a grievance shall first attempt to resolve the matter by informal discussion with the employee(s) involved.  

B. If the problem is not resolved in step I-A, the student shall then attempt to resolve the matter by informal discussion with the person at the lowest level of supervisory authority for the person with whom there is a complaint.  

C. If the grievant still believes the issue has not been resolved satisfactorily after Step I-B, a student Statement of Grievance Form may be obtained from the Office of Judicial Affairs. After completion of the Form, specifying the time, place, nature of the complaint and remedy or correction requested, it should be submitted to the Coordinator of Judicial Affairs who will send a copy of the written statement to the ASCC Supreme Court Chief Justice and the Vice President of Academic Affairs. This statement must be submitted within 30 instructional days after the grievant has become aware of the act or condition on which the complaint is based. All weekend days and college holidays are excluded.

In the event the informal procedure fails, then the formal procedure may be implemented.  

STEP II - FORMAL ACTION  

A. PRELIMINARY STEPS  

1. If the grievant does not believe the grievance has been resolved, then the grievant may request Step II-Formal Action through the ASCC Chief Justice. The Chief Justice upon receiving the request of the grievant shall call a meeting of the Student Grievance Hearing Committee. The Hearing Committee will be composed in the following manner:  

   • ASCC Chief Justice or designee and two Court Justices or designees,  
   • the Vice President of Academic Affairs or administrative designee,  
   • the Faculty Senate President or Senate designee, and  
   • one Faculty Senate member, chosen by the Faculty Senate.  

   If replaced per section II.A.5. herein, the ASCC Chief Justice or designee or Court Justices or designees substitute(s) shall be appointed by the ASCC Court.  

2. The Chief Justice or designee shall serve as the Hearing Committee Chair, but shall have no vote in committee decisions. The five voting members of the Hearing Committee may be selected within the first six weeks of the academic year. Names selected by the Faculty Senate are to be submitted to the Chief Justice. Members of the Committee are to serve for an academic year.  

3. The Vice President of Academic Affairs or administrative designee shall serve as Hearing Committee Executive Secretary. The Executive Secretary, a voting member of the committee, shall be responsible for keeping necessary records of committee hearings and assist the ASCC Chief Justice in the conduct of the hearing.  

4. Grievance Committee members are to deal with all grievances in a confidential manner, except when both parties agree to a public hearing or otherwise required by law.  

5. No person shall serve as a member of a Hearing Committee if that person has been personally involved in any matter giving rise to the grievance, has made any statement on the matters at issue, or could otherwise not act in a neutral manner. Any party to the grievance may challenge for cause any member of the hearing committee prior to the beginning of the hearing by addressing a challenge to the Hearing Committee Chair, who shall determine whether cause for disqualification has been shown. If the Hearing Committee Chair determines that sufficient grounds for removal of a member of the committee have been presented, the Hearing Committee Chair shall remove the challenged member or members and request a substitute from the original appointing constituent group.  

B. FORMAL HEARING  

The Hearing Committee shall conduct its proceedings according to the following procedures:  

1. The Hearing Committee must meet within 15 instructional days after informal action has been completed and the grievant has requested a formal hearing.  

2. The Chair must notify the parties involved within five instructional days before the hearing of the date, time, and location of the hearing and must include a copy of the written complaint, a copy of the Statement of Student Rights and Responsibilities, and copy of the Grievance Procedure.
3. Four members shall constitute a quorum by which Hearing Committee business may proceed. The quorum must include at least one student member, one faculty member, and one administrative member.

4. The members of the Hearing Committee shall be provided with a copy of the grievance and any written response provided by the respondent before the hearing begins.

5. Both parties shall have the right to present personal statements, testimony, evidence, and witnesses. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted. Unless the Hearing Committee determines to proceed otherwise, each party to the grievance shall be permitted to make an opening statement. Thereafter, the grievant or grievants shall make the first presentation, followed by the respondent or respondents. The grievant(s) may present rebuttal evidence after the respondent(s)’ evidence. The burden shall be on the grievant or grievants to prove by substantial evidence that the facts alleged are true.

6. Each party shall have the right to be present, to be accompanied by the person of his or her choice (who may not participate in the hearing), and to question witnesses who are present. In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the committee agree to the contrary.

7. The hearing shall be recorded by the Coordinator of Judicial Affairs either by audio recording or stenographic recording, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. The audio or stenographic recording shall remain in the custody of the District, at all times, unless released to a professional transcribing service. Any recognized party to the grievance may request a copy of the recording.

8. The Hearing Committee Chair shall, at the beginning of the hearing, ask each person present to identify themselves by name, and thereafter shall ask witnesses to identify themselves by name.

9. The Hearing Committee shall discuss the stated grievance(s), hear testimony, examine witnesses, and receive all available evidence to the charge.

10. The hearing shall be closed to the public unless otherwise agreed upon in writing by both parties.

11. The Hearing Committee shall make decisions in private. The Hearing Committee shall write up findings and decisions. Copies of findings and decisions, including majority and minority reports, are to be sent to each party and the President/Superintendent. The Hearing Committee’s decision(s) shall be final unless appealed.

12. A recording of the proceedings shall be kept in a confidential file in the Office of Judicial Affairs and shall be available at all times to parties directly involved. All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants. After a period of four years, the grievance file shall be destroyed.

13. Reprisals of any kind will not be taken by the District or any of its agents against any party of interest or any other participant in the grievance procedure by reason of such participation.

14. Evidence and testimony given in each case presented shall not be the sole cause of initiating or filing further grievances.

15. If the grievant does not act within the time limits provided herein, the ability to proceed with the grievance shall be terminated and no further action will be taken.

16. The number of instructional days indicated at each step herein should be considered a maximum and every effort must be made to expedite the process. Time limits may be extended by mutual consent in writing or by decision of the Hearing Committee.

17. The Hearing Committee should attempt to reach a decision by discussion and consensus on a workable solution. Voting should be a last course of action.

18. If in the course of the proceedings, a student graduates before a solution is found, the student shall not be denied full consideration under this policy. A student may also submit a grievance after graduation if the grievance did not become known until that time. However, it must be submitted within 30 instructional days after the grievant should have reasonably become aware of the act or condition on which the complaint is based.

**Appeals Process**

1. If a party wishes to formally appeal a recommendation of the Hearing Committee, an appeal must be submitted within ten instructional days to the College President/Superintendent provided the President/Superintendent is not a direct party to the grievance. If the President/Superintendent is a direct party to the grievance, and either party is dissatisfied with the recommendation of the Hearing Committee, an appeal may be submitted to a Vice President/Assistant Superintendent not a direct party to the grievance.

2. Upon receiving the findings and recommendations of the Hearing Committee, and after examination of the appeal as requested by either party, the President/Superintendent or alternate may accept or reject the Hearing Committee’s decision.

3. If the President/Superintendent or alternate rejects the Hearing Committee’s decision, he or she shall submit his/her decision with the stated reasons for objections to the Hearing Committee within ten instructional days. The Hearing Committee shall within ten instructional days reconsider its decision(s) and submit its decisions to the President/Superintendent for a final decision.

4. The President/Superintendent shall transmit his or her final decision to the parties within ten instructional days.

5. An appeal of the President/Superintendent’s decision may be submitted to the Board of Trustees by either party within five instructional days of the President/Superintendent’s decision. The Board of Trustees may review an appeal for two consecutive regular Board meetings before making a final determination of the matter at the District level.

6. The President/Superintendent or Board of Trustees may reject a Hearing Committee decision only after reviewing a transcription of the involved hearing.
ACADEMIC HONESTY/DISHONESTY POLICY

Your instructors are eager to help you succeed in your studies at Cerritos College. But success means more than just receiving a passing grade in a course. Success means that you have mastered the course content so that you may use that knowledge in the future, either to be successful on a job, or to continue on with your education in advanced classes.

Your success depends on a combination of the skill and knowledge of your instructors, and your own hard work. You will reach your future goals only if you gain new knowledge from every course you take. That knowledge becomes yours, and can be used by you, only if it is gained through your own personal efforts. Receiving a grade in a course, without acquiring the knowledge that goes with it, diminishes your chances for future success.

While in college, you are also shaping the principles which will guide you throughout the rest of your life. Ethical behavior and integrity are a vital part of those principles. A reputation for honesty says more about you, and is more highly prized, than simply your academic skills.

For that reason, academic honesty is taken very seriously by the Cerritos College faculty. The following guidelines have been prepared so that you will understand what is expected of you in maintaining academic honesty.

Academic Dishonesty is normally to be dealt with as an academic action by the instructor, reflected in the student's grade in the particular course, rather than through college disciplinary procedures. No specific departmental, divisional or institutional procedures are established for academic dishonesty other than the normal process for review and appeal of an instructor's grading procedures.

Academic Dishonesty is defined as the act of obtaining or attempting to obtain credit for work by the use of any dishonest, deceptive or fraudulent means. Examples of academic dishonesty would include, but not be limited to the following:

- Copying, either in part or in whole, from another's test or examination;
- Discussion of answers or ideas relating to the answers, on examination or test when such discussion is prohibited by the instructor;
- Obtaining copies of an exam without the permission of the instructor;
- Using notes, "Cheat sheets," or otherwise utilizing information or devices not considered appropriate under the prescribed test conditions;
- Altering a grade or interfering with the grading procedures in any course;
- Allowing someone other than the officially enrolled student to represent the same;
- Plagiarism, which is defined as the act of taking the ideas, words or specific substantive material of another and offering them as one's own without giving credit to the source.

Options may be exercised by the faculty member to the extent that the faculty member considers the cheating or plagiarizing to manifest the student's lack of scholarship or to reflect on the student's lack of academic performance in the course. One or more of the following actions are available to the faculty member who suspects a student has been cheating or plagiarizing:

1. Review-no action.
2. An oral reprimand with emphasis on counseling toward prevention of further occurrences.
3. A requirement that work be repeated.
4. A reduction of the grade earned on the specific work in question, including the possibility of no credit for the work.
5. A reduction of the course grade as a result of item 4 above, including the possibility of a failing grade for the course.
6. Referral to the Office of Judicial Affairs for further administrative action, such as suspension or expulsion.

STUDENT GRADE GRIEVANCE PROCEDURE

A student of the College may present a grade grievance. The California Education Code, Section 76224, quoted, states clearly the conditions upon which grades or grading can be questioned.

“When grades are given for any courses of instruction taught in a community college district, the grade given to each student shall be determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final.” “Mistake” may include, but is not limited to, errors made by an instructor in calculating a student's grade and clerical errors.

STEP I – INDIVIDUAL ACTION

A student who believes a final course grade was assigned due to mistake, fraud, bad faith, or incompetence shall meet with the faculty member to resolve his/her concern.

STEP II – MANAGEMENT ACTION

1. The student will obtain a Grade Grievance Form from the Office of Student Judicial Affairs.
2. The student must return the Grade Grievance Form to the Office of Student Judicial Affairs within 30 instructional days after the completion of the course about which the grade grievance is filed. An instructional day is defined as any day Monday through Friday that all normal college business is conducted, both in the classroom and in the administrative offices. All weekend days and college holidays are excluded.
3. The Coordinator of Judicial Affairs will meet with the student and review the completed Grade Grievance Form. If the student wishes to pursue the grievance, the Coordinator of Judicial Affairs will sign and date the Form.
4. The Coordinator of Judicial Affairs will present a copy of the Grade Grievance Form to the applicable Division Dean. The Division Dean may schedule a meeting of all concerned if appropriate. The Division Dean should schedule a meeting only if the Form has the signature of the Coordinator of Judicial Affairs and is dated. The Division Dean shall make a recommendation to the parties within ten instructional days.

STEP III – ADMINISTRATIVE ACTION

If either party is dissatisfied with the recommendation of the Division Dean, he or she may appeal the matter to the Vice President of Academic Affairs or designee within ten instructional days of the Division Dean's recommendation. The Vice President of Academic Affairs or designee shall call a meeting with the student, the ASCC Chief Justice, the Division Dean, and if needed, the faculty member. The Vice President of Academic Affairs or designee shall make a recommendation to the parties within ten instructional days as such days are defined herein.
STUDENT SERVICES AND POLICIES

STEP IV – PRESIDENT/SUPERINTENDENT ACTION

If either party is dissatisfied with the recommendation of the Vice President of Academic Affairs, he or she may appeal the matter to the President/Superintendent of the College within ten instructional days of such recommendation. If a faculty member is dissatisfied with a recommendation and neither acts on it, nor appeals it, the Vice President of Academic Affairs will forward the matter to the President/Superintendent. The President/Superintendent will review the recommendation and if needed, request persons involved in the grievance to meet.

The President/Superintendent shall make a recommendation within ten instructional days. If either party is dissatisfied with the recommendation of the President/Superintendent, an appeal of the President/Superintendent’s recommendation may be submitted to the Board of Trustees by either party. The appeal must be submitted within ten instructional days after the President/Superintendent’s recommendation. The Board may review an appeal for two consecutive regular Board meetings, and if needed, request persons involved in the grievance to appear before making a final determination of the matter at the District level.

STANDARDS OF CONDUCT

The President/Superintendent shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of the state and federal laws and regulations.

The procedures shall clearly define the conduct that is subject to discipline, and shall identify potential disciplinary actions, including but not limited to the removal, suspension, or expulsion of a student.

Due process requires that in all significant disciplinary situations, a student is informed of charges against him/her, is given an opportunity to refute them, and has the opportunity to appeal a decision.

The Board of Trustees shall consider any recommendation from the President/Superintendent for expulsion. The Board of Trustees shall consider an expulsion recommendation in closed session unless the student requests that the matter be considered in a public meeting. Final action by the Board of Trustees on the expulsion shall be taken at a public meeting.

The procedures shall be made widely available to students through the College catalog and other means.

Students enrolling in Cerritos College assume an obligation to abide by all District regulations on District-owned or controlled property or at District-sponsored or supervised functions.

Students who fail to adhere to District regulations are subject to disciplinary actions.

In all disciplinary actions, the student shall be informed of the nature of the charges against him/her and given a fair opportunity to refute them. The District shall not be arbitrary in its actions.

The following conduct while on District-owned or controlled property or at District-sponsored or supervised functions shall constitute good cause for discipline, including but not limited to the removal, suspension, or expulsion of a student.

1. Assault, battery, or any threat of force or violence, or causing, attempting to cause, or threatening to cause physical injury to another person.
2. Possession, use, sale, or otherwise furnishing any firearm, knife, explosive, or other dangerous object or chemical, including but not limited to any facsimile firearm, knife, or explosive on District-owned or controlled property or at District-sponsored or supervised functions without the prior authorization of the President/Superintendent or designee.

11. Cheating, or engaging in other academic dishonesty including copying from another’s work; discussion prohibited by the instructor; obtaining exam copies without permission; and using notes, other information, or devices that have been prohibited.
12. Misrepresentation and/or impersonation, including arranging for or allowing another individual to impersonate or otherwise misrepresent himself or herself to be a student generally or to be a particular student either in person or in an online environment, and/or impersonating or otherwise misrepresenting oneself to be another person in person or in an online environment.

19. 28. Engaging in physical or verbal disruption, intimidation, or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student’s academic performance, or District employee’s work performance, or of creating an intimidating, hostile or offensive educational or work environment.
29. Violation of a duly issued restraining order, stalking, and/or a pattern of conduct with intent to follow, alarm, or harass another person, and which causes the person to reasonably fear for his or her safety, and where the pattern of conduct persisted after the person has demanded that the pattern of conduct cease.
30. Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.
31. Any other cause not listed above which is identified as “Good Cause” by the Education Code or that disrupts the college, its mission, or campus life.

It is the responsibility of the student with a verified disability and resultant educational limitation to apply for DSPS assistance in the Santa Barbara Building and to file a request for accommodations with DSPS via the college form entitled “Disabled Student Program and Services – Application for Services”. The request should be completed with adequate notice provided for an effective response. Classroom related requests will be reviewed for approval on the “Service Request Form” and, upon approval by DSPS, notification will be sent within 3 days to any involved instructor by DSPS staff. The instructor will respond to the request in writing in a timely manner. Non-return will be construed as agreement.

If the instructor denies the classroom related request(s) the DSPS Dean, or designee, will intervene with the appropriate academic staff and attempt to resolve the matter. In the event of continued denial of an accommodation request or request for course substitution or waiver DSPS will provide the student with the policy, procedures and form entitled “Academic Accommodation Request Form”. The DSPS Dean or designee, will concurrently inform the student that he/she has the right to file a grievance under the college's discrimination grievance procedure and/or the Office for Civil Rights and will provide the student with the information necessary to do so.

The 504/508/ADA Coordinator may contact all parties concerned and attempt to reach some resolution of the problem. If the complaint cannot be resolved within ten working days, the complaining party may then proceed to file a formal complaint. The informal complaint procedure is optional.

Stubbornness sometimes can be good. Determined to finish what he started when he was 18, Michael Esposito quit being a business owner and came back to Cerritos College after nearly 50 years.

Born and raised in Whittier, California, Esposito spent the first 32 years of his life in Southeast Los Angeles.

His parents started a meat market in Whittier in 1947 when he was seven. Esposito worked there everyday while attending school, participating in band and, in high school, wrestling and playing football, until his parents sold the store in 1958.

At Whittier High School, he was a good student, an accomplished athlete and college-bound, until life got in the way. Family finances prevented him from fulfilling his goal of attending a four-year college when he graduated from Whittier High School in 1958.

He started working right out of high school, for San Antonio Construction Company in Artesia, in 1958, the year his mother married the owner of the company. That probably sounds like a better deal than it was. Esposito was not the favorite son that got easily promoted – he was cheap labor. He worked very hard, and quickly acquired skills that kept the company going.

Esposito wanted to go to college but his mother discouraged him, because his labor was needed at San Antonio. She explained that, “Your father will teach you everything you need to know. No need for college!”

However, “my passion for education has never left me,” said Esposito.

One day in 1959, Esposito was very surprised by a call from Joe Incorvia, who was his wrestling coach in high school. Incorvia had moved to Cerritos College from Whittier High to start a wrestling team. With help of Incorvia, Esposito started taking evening classes at Cerritos College where he became one of the first ten wrestlers to letter at Cerritos in the 1959-60 school year.

His college career ended for a long time after 1966. In 1966 he went to Mt. San Antonio College for one semester, but work again got in the way of college.

In 1972 he moved to Northern California because of work, which had been very plentiful in Southern California, was then more available in the northern part of the state. He now lives in Grimes, which is 65 miles north of Sacramento.

He obtained a B-1 contractor’s license for California in 1975. A year later he earned a contractor’s license for Nevada. By this time at San Antonio he was the construction superintendent. The company had grown and he did all the hiring and firing. He also had all authority over advertising and sales.

In 1977 at the age of 37, Esposito bought the company and specialized in wood frame storage buildings all over California.

Here is one episode that shows he remained a keen learner even after he became a busy business owner.

In 1995 – back when not many contractors had online presence – he bought his first computer, educated himself on some computer programs, feeling it would help his business. He had never used a computer before and it took him two hours just to turn it on. Back in 1997 website development fees were nearly $5,000. He could not justify the cost and decided to develop one himself. So it took him about three months, it was a steep learning curve, but he did it. He developed a website for the company all by himself that kept going strong until he closed down the company in 2009.

While working on a large job in Southern California, he went back to Cerritos College in 2003-04, after a 43 year educational hiatus. He was finally able to pursue his lifelong passion for education, interrupted by work and family obligations so long ago. He earned nine units before work took him north again.

One must be wondering by now, “Why did he have to keep coming back to Cerritos College? There are colleges in Sacramento area.”

Esposito responded, “Because I’m stubborn! This is where I started and I wanted to finish it here.”

Joe Incorvia was another big factor. Coach Joe was a big influence in his life – he introduced Esposito to wrestling in high school and taught him the importance of higher education. To show Joe that he completed what he started 49 years ago, it had to be Cerritos College.

He came back to Cerritos College in summer 2009 to finish his “job.” In fall 2009 after 49 years, he finally earned his A.A. in history from Cerritos College, where he started so long ago.

Just to attend Cerritos College, Esposito drives over 1,000 miles going back and forth between Cerritos and Grimes every other week. Now he is taking a couple of classes to complete his transfer requirements so he can transfer to get his bachelor’s degree in history.

What next? 69-year-old Esposito smiled and said “I want to be a history teacher, if I live long enough!”

He got married in 1960 and has been married for 48 years. He and his wife have three children: a son who is 48, a 47 year-old daughter, and a 40 year-old daughter. He is very proud that his son graduated from Chico College.

Esposito has six grandchildren between the ages of 12 to 28 and two great grandchildren, ages one and three.

His 28 year-old grandson is in the United States Coast Guard and is going to college. “He says he had no choice, because of my constant nagging,” laughs Esposito. “They all say that, but this one listened!”

Now, with his college plans, Esposito is trying to stay up with the kids. With his energy and adamancy, or, stubbornness as he put it, he sure will make these dreams come true.
Cerritos College Introduces New Learning Evaluation Center
Services Provide Learning Disability Assessments and Academic Support for Eligible Students

Cerritos College’s Disabled Student Programs and Services (DSP&S) opened the Learning Evaluation Center (LEC) last fall.

The Learning Evaluation Center provides comprehensive assessments to Cerritos College students who may be struggling in their academics to determine eligibility for learning disabilities, and then recommends appropriate support services according to the students’ unique educational challenges.

According to Hunt, learning disabilities are invisible in general. “However, there are learning disability characteristics that we can identify through our three step assessment process,” she stated.

The three steps include a comprehensive intake, the assessment, and the results review with the student, where student’s eligibility, areas of strength and weakness, and recommended support services are identified.

Mary Hunt and Don Garriott, the college’s two certified learning disability specialists, provide the clinical evaluations and individualized accommodations plan for each student.

Accommodations for challenge areas of reading, writing, math, and oral language skills can include additional time for tests, note taking assistance, training on assistive technology such as computer screen readers and tape recorders, alternative textbook formats and priority registration to ensure appropriate class times and instructors.

“Our goal is to provide an optimal learning environment for students with learning disabilities and to improve their academic performances by leveling the playing field,” said Hunt.

Mary Hunt points out that learning disabilities are often misrepresented as “less intelligence.” In fact, most learning disabilities affect people with average to above average intelligence. “Their brains just process information differently,” she explained.
Patricia Urias was born in East Los Angeles and grew up in Lynwood to a very traditional Latino home. Her parents both emigrated from Mexico and her father worked as a foreman for a cold storage company and supported the family, while her mother stayed home and took care of Urias and her three younger sisters.

While the girls were still young, her parents decided to go to school and get a degree. Her mother attended Compton College and earned an associate degree in child development. She started working as a preschool teacher and is now a social worker. Her father also attended the college and received his real estate license. He is now a real estate broker for Prudential Realty.

Thanks to her parents who showed her the way, Urias knew that education was important, but had no idea what to pursue. After graduating high school she attended the University of California, Irvine, as biology major and failed miserably. She wanted to make her parents proud by pursuing a pre-med degree but her heart was just not in it. She dropped out after her second semester and began working for UPS. She worked as a part-time supervisor for about two years and she was terminated.

Urias was left to think about what she was going to do with her life. The only things she had to fall back on were her two years of work experience and a high school diploma. It did not take long for Urias to realize that this was not going to get her through life and decided to return to school. After about a four-year gap in her education she was ready to finish what she started many years earlier.

While at Cerritos College she was involved in the accounting club as database manager. In addition to maintaining a 4.0 GPA and keeping up with club duties she also worked part-time at Costco Wholesale. She credits Kamal Demian, instructor of mathematics, and Debra Schmidt and Peter Moloney, professors of accounting, for her academic success. “If I ever needed any help or advice they were always there for me,” said Urias. “They went above and beyond their duties and played a major role in my success at Cerritos.”

She transferred to the University of Southern California in 2008 as a business major with an emphasis in marketing.

In Spring 2009 USC had a panel discussion with top executives from the entertainment industry where Urias met the CFO of Chivas USA, the major league soccer team, among other executives. He mentioned to her that Chivas was looking for summer interns and asked if she had a resume. Urias gave him a copy of her resume and got a call a week later. She thought it was a great way to get experience and decided to apply.

“It was a little competitive because it is sports entertainment, but I felt confident that I would get the position,” said Urias.

Since then, Urias has been interning at Chivas USA, located at the Home Depot Center in Carson. Under the direction of special projects coordinator, Urias is involved in planning special events on game day and filling requests for sales staff members. She also helps organize special requests, events and player appearances.

Armed with valuable experience at Chivas, Urias is ready to work in the competitive entertainment industry. “I don't know what exactly I will be doing, but I do know that whatever it is I will definitely enjoy it.”

“If I have learned anything from my experiences, it is to follow what you love.”
Cerritos College Launches
Official Social Networking Site Pages!

To stay with the latest trend in communication and networking, School Relations has developed official pages for Cerritos College on three social networking sites: facebook, MySpace, and twitter. These pages will allow the college to communicate with anyone interested in staying up-to-date with college events, news and other happenings.

Shirley Arceo, coordinator of school relations, and Mark Santa-Ines, program assistant I in the school relations office, began developing these social networking site pages in the beginning of the fall 2009 semester.

Santa-Ines is responsible for the site maintenance which includes updating the contents and approving/screening friends, fans and other requests. “We will be posting events, critical dates, photos, videos and note-worthy achievements on a weekly basis,” said Santa-Ines.

These pages allow easy access to information and news about the college on the sites they visit every day and redirect people to the Cerritos College website.

Also through the social networking sites, the college can more effectively engage and update current and prospective students.

“One of our goals is to instill more campus pride and school spirit in students and encourage their involvement in campus life,” said Arceo, who oversees the social networking site operations for the college.

In the last three months since the launch, the college has gained 124 friends on MySpace, 375 fans on facebook and 70 followers on twitter.

We hope that you will become a fan, friend, and/or tweep!
