**Selection Process**

Application materials will be evaluated by a selection committee to determine which applicant’s qualifications, based on the information in the job announcement, best suit the needs of the District and the Department. The selection committee will conduct interviews, including a teaching demonstration, in order to determine which applicants best demonstrate the skill and knowledge required for the position. Successful candidates will be placed on an eligibility list for employment and will be contacted for employment opportunities based on the District’s needs.

**PART-TIME INSTRUCTOR OPPORTUNITIES**

CERRITOS COLLEGE
11110 ALONDRA BLVD
NORWALK, CA  90650-6298

**WELDING**
The District is strongly committed to achieving staff diversity and the principles of equal opportunity employment. The District shall provide equal employment opportunities to all applicants and employees without regard to national origin, religion, age, sex or gender, race, color, medical condition, ancestry, sexual orientation, marital status, Vietnam-era veteran status, physical or mental disability, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics. In fact, the college encourages applications from all segments of qualified people.

**PROFILE**

The Welding Department is one of the departments within the Technology Division. It is recognized as one of the largest and most respected welding programs in the State. The Program offers students the opportunity to earn multiple hands-on American Welding Society certifications, welding licenses, four certificates of achievement as well as an AA degree. Welding faculty are required to teach both hands-on laboratory classes as well as lecture classes. Laboratory classes require instruction in all commonly used welding processes including: SMAW, FCAW, GTAW, GMAW, and metal cutting processes including: AAC, OFC, and PAC.

These processes are used to weld and cut steel, stainless steel, aluminum, sheet metal to one-inch thick plate and various sizes of pipe. Faculty teaching laboratory classes also provide instruction in structural steel fabrication, pipe layout, the use of metal fabrication equipment including: metal cutting hydraulic shears, iron workers, brakes, tube benders, drills, sanders, and grinders. Lecture classes require instruction in welding licensing, various code books, blueprint reading, and welding fabrication math. The Department offers classes mornings, afternoons, evenings, and weekends. For this reason teaching assignments may also include all of these various times.

Other duties associated with this position include participation in a variety of campus, divisional, and departmental activities, such as faculty meetings, committee work, student activities, office hours, grant writing, curriculum development, and participation in the Program's welding certification testing laboratory operations. The Program is committed to student success and is therefore seeking a skilled, talented, and highly motivated individual to join our dedicated team of successful faculty.

**DUTIES & RESPONSIBILITIES**

A description of faculty duties and responsibilities may be found in Board Policy and Administrative Procedure 4005. (www.cerritos.edu/board)
