How to Register in a Learning Community

Log on to www.cerritos.edu, select MyCerritos, and follow the directions. Important, please note, to enroll in a learning community you must enroll in all courses in the learning community before exiting MyCerritos. Please call the Learning Communities Program Center or visit the LCP website for additional information on the enrollment process.

For more information about enrolling in the Learning Communities Program or for a complete description of each learning community please check the Internet at www.cerritos.edu/lcp/ or call (562) 860-2451, ext. 2782.

Developmental Education Track: These courses will help you attain the academic skills necessary to prepare you for advanced courses or to develop your career goals and objectives.

**EOPS Project AIM** Please contact the EOPS Office for more information – ext. 2398.

SI (Workshop)

First Year Experience Track:

The First-Year Experience Program (FYE) is a special part of the Learning Community Program (see detailed description below). FYE is designed to provide students with a strong start in college. Students who are interested in this program should check the Internet at [www.cerritos.edu/lcp](http://www.cerritos.edu/lcp) and click the FYE link for additional information.

To enroll in the FYE Program, students are required to submit a signed contract and proof that course prerequisites have been met to the Learning Community Center located in the South Administration Building. LC Center hours are M - TH 9:00 a.m. - 4:30 p.m.  All FYE students are required to attend an information session and orientation on **Thursday, August 15th from 5-7 p.m. in LC 155**. Students will meet their instructors and classmates and receive important information about their classes, parking, and books.

To qualify for full-time status, FYE students will need to enroll in an additional course(s) to complete the full schedule of 12 units. This requirement may be met by adding mathematics, reading, or another G.E. course(s). Recommendations for courses to take in addition to each House are listed below.

### House A: Developmental Skills Track

<table>
<thead>

**Total units: 12**
Learning Communities Program

Learning communities involve the intentional creation of class pairs or clusters around a common theme, public issue or question. Typically, the same group of students is co-enrolled in two or more courses, usually from different disciplines—for instance, history and art, English and career guidance, political science and philosophy. Students enroll in both courses but receive a separate grade for each one.

Course instructors integrate their syllabi, encouraging students to gain a deeper understanding of each course, even as they discover connections between the two. Classroom activities, tests, assignments, field trips, research projects, and educational technology are used to engage students in their own learning, as well as provide them with valuable “real-world” skills.

Perhaps more importantly, the learning community model promotes student-centered learning, with an emphasis on an enriched classroom environment. It promotes greater intellectual growth and genuine mastery of course content through collaborative activities, frequent feedback, and increased student-teacher and student-student interactions. Traditional lecturing is minimized; active learning and thoughtful integration of content are maximized.

Research indicates learning communities promote student achievement, retention, and progress toward degree completion. Faculty benefit from professional development and training, fresh approaches to teaching, and collaboration with colleagues.

FIRST-YEAR EXPERIENCE (FYE)
The First-Year Experience Program is a special part of the Learning Community Program. These courses are designed to provide students with a positive, strong start in college to be a successful college student. Students who are interested in this program should call (562) 860-2541, ext. 2782, for more information.

What Are The Benefits Of Joining A Learning Community?
- Smooth your transition into college
- Meet other students and form lasting friendships
- Reinforce learning in one class while working on projects in the other
- Learn how to choose your major and reach your academic goals sooner
- Graduate or transfer to a four-year college or university sooner
- Increase your learning and earn better grades
Are the Learning Communities courses transferable?
Many of the courses are transferable to the CSU’s and UC’s. See the Schedule of Classes or the Cerritos College Catalog to check specific courses.

What are the requirements to enroll?
The only requirement is that you must enroll in all the courses listed for that Learning Community. The prerequisites are listed in the Cerritos College Catalog and must be met prior to enrollment.

Are Learning Community courses more difficult?
No, you will not be required to do more work than if you took the two classes separately. In fact, by taking the courses in a learning community, you may find that material is easier to understand.

How will Learning Community courses be listed on my transcript?
Your transcript will reflect the classes as separate courses.

LEARNING COMMUNITIES PROGRAM WITHDRAWAL POLICY
When a student enrolls in a group of two or more courses as part of a learning community or FYE House, he or she MUST MEET THE PREREQUISITE(S), if there are any, for EACH course in the combination. Students enrolled in one section of a course that is part of a learning community must be enrolled in all other courses in that group. If one course is dropped, the student MUST and WILL BE DISENROLLED from all other courses in that learning community. THERE ARE NO EXCEPTIONS TO THIS POLICY.

QUESTIONS
If you have questions about the Learning Communities Program (LCP), please call (562) 860-2451, ext. 2782 or stop by the LCP Center in the Admissions Building.
