The Board of Trustees approved the revision of the college’s mission statement at its October 16 regular meeting. The mission statement reflects Cerritos College’s broad educational purposes, intended student population, and commitment to student learning:

“Cerritos College values its diverse student population and is committed to providing them with high quality, comprehensive instructional programs and support services that improve student success and offer clear pathways to achieve personal, educational, and career goals. In doing so, the college develops in students the knowledge, skills, and values that prepare them to be productive participants in the global community.”

Sincerely,
Dr. Linda L. Lacy
President/Superintendent
