DEAR APPLICANT,

Thank you for your interest in the Associate Degree Nursing Program, which leads to eligibility for licensure as a registered nurse (RN). The following information about the program will introduce you to the application process. You may also contact the Counseling Department at 562-860-2451, extension 2231 and arrange to attend one of the information sessions or make an appointment with a Nursing/Health Occupations counselor to discuss your individual situation. A two-unit elective course, NRSG 3 Preparing for Nursing, is offered in the spring semester to help you prepare for success in the program. There are a number of general admission requirements that must be completed by students applying to the nursing program. In addition, certain “Options” include variations in these requirements.

ADMISSION REQUIREMENTS

The nursing program welcomes all applicants. To be considered for acceptance into the program, the applicant must meet the following requirements:

1. High school graduation or the equivalent.
2. Completion of English 100, Math 80, and Reading 54 or equivalent with grades of Pass or “C” or higher or satisfactory completion of the college placement test process. LVN applicants selecting the 30-unit option are required to complete the placement test process for advisement purposes but are not required to complete these courses or the TEAS examination.
3. Completion of prerequisite courses with grades of “C” or higher: A&P 150, A&P 151, MICR 200 and ENGL 100 (for most options) with an overall grade point average of 2.5. Only one of the above courses may be repeated if grade of “D” or “F” is earned or to achieve a better grade. A&P 150, A&P 151 and MICR 200 are recommended to be completed within six (6) years of admission. Repeats for recency will be accepted.
4. A cumulative grade point average of 2.5 for all college work taken.
5. Students selected for admission are administered the TEAS exam and must obtain a 62% or higher. The program will accept TEAS exam test results from other sites or the HESI diagnostic assessment test with a 70% or higher. These assessment examinations are a test of basic math, English, reading, and science. Students who fail to achieve a passing score will be required to complete additional pre-nursing course work to become eligible to retest prior to admission.
6. A valid US Social Security number is required for admission into the program.
NURSING PROGRAM OPTIONS

- **Option A**: Associate in Arts Degree
  The Nursing Program offers eligible candidates who are selected for admission to the beginning of the program the opportunity to prepare for professional nursing through the pursuit of specific knowledge and skills. Graduates from the program, in addition to receiving an Associate of Arts Degree, are eligible for the NCLEX-RN examination for licensure as a registered nurse.

- **Option B**: LPT-ADN (Licensed Psychiatric Technician to Associate Degree in Nursing).
  The Nursing Program offers to qualified Licensed Psychiatric Technician applicants an opportunity to prepare for professional nursing through the pursuit of specific knowledge and skills. Eligible candidates receive advanced placement and upon completing the program are granted an Associate of Arts Degree and are eligible for the NCLEX-RN examination for licensure as a registered nurse.

- **Option C**: LVN – ADN (Licensed Vocational Nurse to Associate Degree in Nursing).
  The Nursing Program offers to qualified Licensed Vocational Nurse applicants advanced placement into the second year of the program. LVNs are given an opportunity to prepare for professional nursing through the pursuit of specific knowledge and skills. Graduates from the program, in addition to receiving an Associate in Arts Degree, are eligible for the NCLEX-RN examination for licensure as a registered nurse.

- **Option D**: LVN-30 Unit Option (LVN + 30 units non-degree)
  The Nursing Program offers to qualified Licensed Vocational Nurse applicants advanced placement into the second year of the program. LVNs are given the opportunity to prepare for registered nurse licensure by completing thirty (30) units of college course work. The LVN who only completes the thirty units designated by Cerritos College is eligible for the NCLEX-RN examination for licensure as a “non-degree” registered nurse. This license is only valid in California.

- **Option E**: Transfer and Challenge.
  The Nursing Program offers applicants who have completed nursing program courses in another associate degree or baccalaureate degree program the opportunity to prepare for professional nursing through the pursuit of specific knowledge and skills. Eligible candidates will receive advanced placement into the Cerritos nursing program based on prior learning and course work. Transfer students are not admitted into the first course (N210) of the program nor the fourth semester.

- **Option F**: Board of Registered Nursing Referral
  The Nursing Program offers applicants who completed their nursing education in another country and have been referred by the Board of Registered Nursing (BRN) the opportunity to complete the required content areas to be eligible to qualify for RN licensure. The program can only provide courses in Pediatrics, Obstetrics and Psychiatric nursing. We do not have medical-surgical availability.

The number of advanced placement candidates (Option B, C, D E, and F) admitted into the program is based on space availability.
PROGRAM PREREQUISITES

Option A: A&P 150, A&P 151, ENGL 100, and MICR 200
Option B: Same as Option A.
   Additional courses required for admission: HO 152, NRSG 25, NRSG 211, NRSG 213A, NRSG 251, and PSYC 251 or equivalent with grades of Pass or “C” or higher. Valid California LPT license.
Option C: Same as Option A.
   Additional courses required for admission: NRSG 26, NRSG 215, NRSG 251, and PSYC 251, or equivalent with grades of Pass or “C” or higher. Completion of a medication calculation examination with score of 80% or higher. Valid California LVN license and at least one (1) year of direct patient care experience in a skilled nursing or hospital based facility is required.
Option D: A&P 151, MICR 200, NRSG 215.
   Additional requirements Valid California LVN license and at least one (1) year of direct patient care experience in a skilled nursing or hospital based facility.
   Optional courses: NRSG 26, NRSG 251 (strongly recommended), and PSYC 251. Completion of the college placement test process for advisement purposes
Option E: Same as Option A.
   Additional courses required for admission: HO 152, NRSG 25 if entering prior to the middle of the second semester or NRSG 26 if entering at or following the middle of the second semester, NRSG 200, NRSG 215, NRSG 251, and PSYC 251 or equivalent with grades of Pass or “C” or higher. ENGL 100, MATH 80, and READ 54 or equivalent with grades of Pass or “C” or higher or satisfactory completion of the college placement test process. Completion of a medication calculation examination with a score of 80% or higher for entry at NRSG 220 or above. Students applying under this option will be notified individually for additional requirements relative to their entry points in the curriculum. Transfer students are not admitted into the first course (210) nor the fourth semester of the program.
Option F: NRSG 26 and NRSG 215. Completion of a medication calculation examination with a score of 80% or higher (given in NRSG 26). Option F applicants do not need to meet with a health occupations counselor to review prerequisite completion and to complete the application. Applicants should submit to the Health Occupations Office the first page of the application, a valid letter of referral from the California Board of Registered Nursing and proof of passing the above prerequisites. The Director of the Nursing program will then review the documents and determine eligibility for admission.

All applicants must complete the prerequisites listed above or equivalents with grades of Pass or “C” or higher.
Option A, B, C, and E applicants must show successful completion of ENGL 100, MATH 80, and READ 54 or equivalents with grades of Pass or “C” or higher or satisfactory completion of the college placement test process. Option D applicants are required to complete the placement test process for advisement purposes but are not required to complete these courses.

Options D, E, and F applicants will be notified individually for additional requirements relative to their entry point in the program.

GENERAL EDUCATION REQUIREMENTS FOR ASSOCIATE DEGREE

For Options A, B, C, and E — To graduate with an Associate in Arts Degree in Nursing, the student is required to complete, in addition to the nursing core courses and nursing related courses, the following General Education courses: PSYC 251, PHIL 104, and SPCH 100, SPCH 120, SPCH 130, SPCH 132, or SPCH 150. One (1) three-unit course from U.S. History or American Government (U.S. History or American Government courses chosen from Plan A, Sections B1 or B2) as listed in the College’s General Education Requirements found in the College Catalog and Schedule of Classes. Option A students desiring to matriculate to the CSU or UC system are required to complete several additional General Education requirements and should consult with a health occupations counselor as they may vary depending on individual campuses.

TRANSFERRING STUDENT INFORMATION: OPTION E

Transferring students must meet all admission criteria to be eligible to enter the Cerritos College nursing program. There are also additional classes you will need to take to be eligible for admission. The Director of the program will evaluate your application to determine eligibility and level of admission to the program. Transfer students are not admitted into the first course nor the fourth semester of the nursing program. Prior to interviewing with the Director of Nursing please complete the following steps:

1. Schedule an appointment with a nursing counselor for a preliminary transcript evaluation.
2. Write a brief letter explaining what program level you have successfully completed and the reason for not being eligible for readmission to your prior school.
3. Provide a letter from your school of nursing that states that you are not eligible for readmission and if your failure was in lecture or clinical. If you were dropped from clinical the letter must state that you were not dropped for unsafe clinical practice.
4. Provide a copy of current TEAS or HESI assessment test results
5. Obtain copies of course descriptions and course content/syllabus for all nursing courses for which you are seeking credit.
6. Obtain unofficial transcripts showing grades for all prerequisites (EX: anatomy, physiology, English, Micro) and nursing classes taken at other colleges.

Submit all of the above documents to the Health Occupations Office. Following review of your packet the Director of Nursing will contact you for an appointment. Admission to the program is on a space available basis. We do not admit into the first course of the program (N210) nor the fourth semester. If you are seeking admission into the beginning of the program you will need to apply as an “Option A”.

4
APPLICATION PROCESS:

Step 1: If not previously enrolled at Cerritos College, the applicant must complete a College application. This can be done on-line at www.cerritos.edu or in the Admissions and Records Office (in Administration Building on Alondra Boulevard).

Step 2: Complete the College’s assessment test process at the Cerritos College Assessment Center. Test schedules are available in the Counseling Department. If assessment test requirements have already been met by equivalent measures, the applicant should see a counselor for options.

Step 3: After college assessment tests have been completed make an appointment with a counselor by calling (562) 860-2451, ext. 2231; specify that this is for completion of a nursing application. If transcripts have not been submitted prior to appointment, copies of transcripts may be hand-carried to the appointment. Option F applicants do not need to see a counselor.

You may also make an appointment online by going to www.cerritos.edu/counseling and clicking on the “Nursing Application Workshops” link.

SELECTION PROCEDURES AND STANDARDS

1. Applications must be submitted no later than March 15th.
2. The applicant must submit to the Health Occupations Division Office the following items:
   a. A completed application signed by the applicant and a Cerritos College counselor
   b. Verification of high school graduation or GED completion
   c. Official College transcripts (unofficial Cerritos College transcripts will be accepted) showing grades for all needed prerequisite courses.
   d. College assessment test results or indication by counselor that this requirement has been met through equivalent courses or activities
   e. LVN applicants need to provide a copy of active LVN license, work verification letter on Cerritos form (available in the Health Occupations Office) and LVN transcripts.
3. LVN-ADN applicants and transfer students seeking entry at NRSG 220 or above will be scheduled for a medication calculation examination that will be given in N25/26.
4. Applicants who meet the minimum admission requirements are assigned a number for admission by a randomized computer selection process.
5. Students placed in the top 100 spots will be required to pass the current TEAS diagnostic assessment test (basic math, English, reading, and science) prior to admission to the program. Students who fail to achieve a passing score will be required to complete additional pre-nursing course work to become eligible for retest.
6. Notification of admission to the program will be done in writing.
7. Admitted students and alternates will be required to attend a mandatory orientation meeting. During the orientation, information will be given regarding textbooks, uniforms, registration procedures, and other relevant matters.
8. Student Rights: The nursing student has certain rights in addition to those reflected in the College Catalog. These include:
   a. The right to contact professional nursing boards regarding concerns about the educational program.
   b. The right to know of the existence of a policy giving credit for previous nursing education and/or experience.

OPTION E: TRANSFER AND CHALLENGE
Courses variable depending on level of entry into the program.

OPTION F: BOARD OF REGISTERED NURSING REFERRAL
The Nursing Program offers such applicants the opportunity to complete nursing preparation as specified by the Board of Registered in the areas of Obstetrics, Pediatrics and Psychiatric Nursing.

REQUIRED COURSES
NRSG 230 Psychosocial and Community Nursing 5.0 units
NRSG 222 Maternal/Child Nursing 5.5 units
NRSG 57LB, C Nursing Skills Lab 1.0 unit

GENERAL INFORMATION ABOUT THE CERRITOS COLLEGE NURSING PROGRAM
The Cerritos College Nursing Program, approved by the California Board of Registered Nursing and accredited by the Accreditation Commission For Education In Nursing, Inc., offers an opportunity to prepare for a nursing career through mastery of a specific body of knowledge and skills. To qualify for the program, students must successfully complete prerequisite courses and other specified requirements. The generic program (Option A) consists of four semesters of sequenced courses. Students may receive credit for prior nursing courses to facilitate advanced placement. These students include Licensed Psychiatric Technicians, Licensed Vocational Nurses, students transferring from other accredited programs, and foreign-educated nurses.

For successful completion of the nursing program, the student is required to achieve a minimum 75% in all nursing and nursing-related courses. This is consistent with the Board of Registered Nursing’s standard of competency for nursing practice. Completion of the program meets qualifications for the NCLEX-RN licensing exam.

MISSION STATEMENT
The Cerritos College Nursing Program Mission is to prepare nurses to meet the needs of diverse populations in an ever changing health care environment.

PHILOSOPHY
Nursing is defined as a science, discipline and health care practice that focuses on the assessment, diagnosis and treatment of patients having health problems within the domain of nursing. The goals of nursing practice focus on health promotion, illness prevention, rehabilitation, and supporting the resources of the person who is ill or threatened with illness in adapting to changes within the environment.
In addition to implementing the philosophy of the College, the purpose of the Nursing Program is to provide the community with registered nurses who are capable of functioning in a variety of health care settings. To accomplish this, the Roy Adaptation Model has been selected as the primary conceptual framework. Within this framework, nurses identify their patients as biopsychosocial beings in constant interaction with the environment. In periods of health, individuals have both innate and learned behavioral mechanisms which enable them to cope with their complex internal and external environments. In times of stress, the patient’s coping mechanisms may be disrupted and the individual is defined as ill. The patient’s health status is defined on a continuum from wellness to illness.

Nursing practice focuses on adaptation of the patient in four major modes: physiological, self-concept, role function, and interdependence. The program prepares students to understand individuals as total beings and to recognize and respect a diversity of spiritual and cultural/ethnic values.

COMPETENCIES EXPECTED OF THE ASSOCIATE DEGREE NURSE

The Associate Degree Nurse (ADN) graduate is prepared and expected to practice within the framework of the Educational Competencies for Graduates of Associate Degree Nursing Programs as identified by the NLN Council of Associate Degree Nursing Competencies Task Force in 2000. As identified by the Task Force, ADN graduates practice within the framework of eight core components and competencies. The core components of nursing practice are: professional behaviors, communication, assessment, clinical decision making, caring interventions, teaching and learning, collaboration, and managing care. These core components emphasize competencies related to diversity in healthcare, clinical decision making, assessment, patient education, continuity of care (including community aspects), collaboration and leadership. In order to meet the expected outcomes, the ADN graduate utilizes critical thinking and demonstrates clinical competence and accountability as an adaptable generalist who is committed to caring for others and valuing the profession of nursing.

The Associate Degree Nurse is an entry level practitioner and is competent to practice as a direct caregiver in a variety of health care settings which include diverse patient populations. ADN graduates are employed in a health care delivery system that continues to grow and change. Consequently, ADN graduates may pursue bachelors, masters and doctoral degrees in preparation for advanced levels of practice.

CONCEPT OF EDUCATION

Nursing faculty believe that Nursing education is driven by the application of critical thinking and development/improvement of teaching/learning strategies using innovative approaches and evidence-based research. Nursing faculty also believe the purpose of education is to enlighten and enhance the quality of life for the student, the community and patients for whom students and graduates provide care. Education based on mastery learning is viewed by the nursing faculty as a collaborative process involving college administrators and staff, nursing faculty and nursing students. Each student enters the nursing program with unique characteristics, capabilities, learning styles, and motivation for learning. To address these individual differences, learning experiences are structured from simple to complex.

The program embraces the diversity of cultural, linguistic and philosophical differences represented in the student body. Course experiences are designed to encourage
discussion, sharing and application of cultural practices that are unique to the individuals and groups represented in the campus and the community.

The goal of the program is to promote students’ creative and critical thinking and personal growth based on successful learning experiences. Achievement of this goal is fostered by encouraging self-direction and by providing a variety of individual and group learning experiences. Students are expected to participate actively in the learning process.

CREDIT GRANTING POLICY: Students who have successfully completed academic courses and/or have relevant knowledge and/or skills acquired in other than an accredited institution will be given advanced standing in the nursing program upon verification of such knowledge and/or skills.

TRANSFER PASS
A. Pass will be granted for related previous education completed in:
   1. Accredited Vocational or Practical Nursing courses
   2. Accredited Registered Nursing courses
   3. Accredited Psychiatric Technician courses
   4. Armed services nursing courses
   5. Other related courses (e.g., Anatomy and Physiology, Nutrition)
B. Official transcripts and/or copies of certificates of completion must be submitted for credit to be granted.
C. Pass will be granted based upon the content and hours of transferring courses and must be equivalent to courses in the Cerritos College Nursing Program.

CHALLENGE CREDIT (Competency-based)
A. Pass may be granted for relevant knowledge and/or skills acquired through prior experience, courses in non-accredited institutions, and individual study which are essentially equivalent to a course for which credit is being requested.
B. Pass shall be determined by successful completion of a comprehensive written examination and/or practical evaluation.
C. Objectives for both the written and/or practical examinations are made available to the student prior to evaluation.
D. Student must meet the requirements which govern credit by examination as stated in the college catalog.
E. A minimum of twelve (12) units of the nursing curriculum must be in residency at Cerritos College in order to receive the Associate Degree in Nursing.

LENGTH OF PROGRAM AND ANTICIPATED EXPENSES
The core nursing program consists of sequenced courses over a four-semester period. Prerequisite courses are completed prior to these four semesters. In addition, general education courses are required for completion of the Associate in Arts Degree in Nursing (Associate Degree in Nursing – ADN). Some students may need to take additional courses to meet English, reading and mathematics requirements. Each unit costs $46 for California residents, $254 for non-residents of
California or international students. A Student Activity Fee ($10) and Health Services fee ($19) are assessed each semester.

During the four core semesters, lab material fees total approximately $175, textbooks approximately $2300, and additional supplies and uniforms approximately $350. Fees are subject to change. Students are responsible for their own living arrangements, uniform laundry and transportation to clinical agencies. Application fee for licensure as a registered nurse ranges from $350.00 to $450.00.

ATTENDANCE
All students are expected to observe the attendance requirements of the Nursing Program as stated in the Nursing Program Student Handbook.

PROMOTION/PROGRESSION
In order to remain enrolled in and complete the program, the student must maintain a “C” grade or higher in all nursing courses and those general education courses specified by the California Board of Registered Nursing for completion of the nursing program. These courses include: PSCY 251, PHIL 104 and/or Sociology 101 plus a Humanities course, and SPCH 100, SPCH 120, SPCH 130, SPCH 132, or SPCH 150. In combined nursing lecture/lab courses, the student must receive a minimum of “C” in lecture and a satisfactory grade in lab in order to successfully complete the course. Upon successful completion of all nursing program requirements, the nursing graduate may receive and wear the Nursing Pin which is given at a pinning ceremony. The cost of the pin is the responsibility of the student.

CRIMINAL BACKGROUND CHECK/DRUG SCREEN
Clinical placements are a mandatory component of the curriculum and require clearance of a criminal background check and drug screen. Students who do not clear agency requirements are not eligible for clinical placement and will, consequently, be ineligible to continue in the program. If there is any concern regarding clearance of a criminal background check or drug screen, please contact the Health Occupations Division for additional information.

NURSING PROGRAM ACCREDITATION

The Cerritos College Nursing Program is approved by the California Board of Registered Nursing and accredited by the Accreditation Commission For Education In Nursing, Inc. Interested parties may contact these agencies with questions or comments regarding the nursing program or accreditation.
