Developmental Education Updates
Review committee goals, questions, and potential overlaps with other committees.

- The committee reviewed its mission and goals and identified areas of interest.
  - Questions of interest
    - What routes do students currently have to get through the basic skills math sequence:
      - Assessment & Placement
      - Assessment Prep
    - What are the issues around math 40/math 60 duel placement
    - What is being done to prepare high school students for the assessment and placement process?
    - How to the retention and success rates compare in the various formats in English
      - Accelerated (English 72) / 9 week courses / 18 week courses
    - Perhaps the committee could partner with another agency on campus to develop promotional videos for campus resources (Here is the resource, and here is how it can help you)
• The committee would like to participate more in an advisory role by reviewing the BSI budget at the end of the year.
• What is being done on campus to incentivize effective course-taking behavior.
• The committee would like to have a presentation from the CTX to find out what is currently on the calendar as well as discuss what can be done to better prepare faculty to work with students who place into basic skills classes.
  ▪ One topic idea was to provide workshops on MyCerritos and TalonNet so faculty are better equipped to help students utilize these resources.
• Tim Nguyen will be working on pulling together current data on students who place into multiple Dev Ed courses.
• The committee discussed the idea of letter go of goal #2: Nurture a campus-wide culture of inquiry, evidence, and innovation among all faculty by establishing and supporting the Center for Teaching Excellence (CTX)

The meeting was adjourned at 3:05.
