President’s Strategic Focus

• Provide leadership for the improvement in student success by focusing on the 7 Circles.

• Direct and monitor the Accreditation process.

• Ensure that board members are well informed and prepared to make policy decisions.

• Direct and monitor bond projects.

• Communicate the college’s educational mission to its citizens.
Dr. JoAnna Schilling
Vice President of Academic Affairs
• Reduce textbook costs for students.
• Reorganize the college website.
• Create viable pathways for students from pre-college to baccalaureate.
• Align assessment with teaching and learning.
• Support student learning via the Classroom Technology Pilot.
Dr. Stephen Johnson
Vice President of Student Services
Student Services Strategic Focus

- Develop student knowledge of new requirements from the Student Success Act of 2012; especially enrollment priorities, probation and dismissal, and education plans.

- Provide professional development on (1) the CAIR manual, (2) procedures for students with disabilities, and (3) concerns and priorities of student veterans.

- Bring clinical psychologist into Student Health Services to do in-service training, clinical consultations, and to see students referred for assessment and service.

- Realign the Emergency Operations Plan to the Disaster Resistant California Community Colleges model; train on shelter-in-place and active shooter.

- Implement automated transcript evaluation with PeopleSoft for student and counselor access to up-to-date data for comprehensive student education plans.
Business Services Strategic Focus

- Remain fiscally strong and maintain prudent reserves.
- Provide ongoing financial support and recommendations for student success initiatives.
- Develop and formalize an integrated Energy Master Plan.
- Implement and manage the construction program and physical plant maintenance plan.
- Continue reducing costs and increasing operational effectiveness.
Dr. Mary Anne Gularte
Vice President of Human Resources
Human Resources Strategic Focus

• Continually improve processes and procedures.
• Provide timely, relevant, and reliable information.
• Solicit and utilize information for action and improvement.
• Negotiate collective bargaining agreements: collegial, positive, and respectful of responsibilities and shared governance.
• Facilitate professional development, leadership, and skills training programs.
