FOOD DRIVE CONTEST

Join the Race to Stock our Student Health Center Food Bank!

The Student Health Center Food Bank was established in 2013 to help feed Cerritos College students in need. As the Health Center continues to serve more students, supplies are low and need to be replenished. Join the race to fill the Food Bank to help our students stay healthy and in school. Visit http://cms.cerritos.edu/foodproject/ for more details about the Food Bank.
